380.1203 Conflict of interest.

Sec. 1203. (1) A member of the board of a school district or intermediate school district or board of directors of a public school academy who believes or has reason to believe that he or she has a conflict of interest with regard to a contract or other financial transaction that requires the approval of the board or board of directors shall abstain from voting on the contract or other financial transaction and shall disclose the specific conflict of interest. A member of the board of a school district or intermediate school district or board of directors of a public school academy is presumed to have a conflict of interest if the member or his or her family member has a financial interest, or a competing financial interest, in the contract or other financial transaction or is an employee of the school district, intermediate school district, or public school academy.

(2) A person serving as the legal counsel to the board of a school district or intermediate school district or board of directors of a public school academy, or otherwise acting as an advisor or consultant to the board or board of directors, who believes or has reason to believe that the person has a conflict of interest with regard to a contract or other financial transaction that requires the approval of the board or board of directors shall disclose the conflict of interest to the board or board of directors before the vote on the contract or other financial transaction. A person serving as the legal counsel to the board of a school district or intermediate school district or board of directors of a public school academy or otherwise acting as an advisor or consultant to the board or board of directors is presumed to have a conflict of interest if the person or his or her family member has a financial interest, or a competing financial interest, in the contract or other financial transaction.

(3) For the purposes of this section, if a member of the board of a school district or intermediate school district or board of directors of a public school academy, or a person serving as the legal counsel to the board

or board of directors, has a child who is a pupil of the school district, intermediate school district, or public school academy, that relationship alone does not constitute a conflict of interest or financial interest in a contract or other financial transaction of the school district, intermediate school district, or public school academy.

(4) For the purposes of this section, an individual is not considered to have a financial interest in any of the following instances:

(a) A contract or other financial transaction between the school district, intermediate school district, or public school academy and any of the following:

(i) A corporation in which the individual is a stockholder owning 1% or less of the total stock outstanding in any class if the stock is not listed on a stock exchange or owning stock that has a present market value of \$25,000.00 or less if the stock is listed on a stock exchange.

(ii) A corporation in which a trust, if the individual is a beneficiary under the trust, owns 1% or less of the total stock outstanding in any class if the stock is not listed on a stock exchange or owns stock that has a present market value of \$25,000.00 or less if the stock is listed on a stock exchange.

(iii) A professional limited liability company organized pursuant to the Michigan limited liability company act, 1993 PA 23, MCL 450.4101 to 450.5200, if the individual is an employee but not a member of the company.

(i) A corporation in which the individual is not a director, officer, or employee.

(ii) A firm, partnership, or other unincorporated association, in which the individual is not a partner, member, or employee.

(iii) A corporation or firm that has an indebtedness owed to the individual.

(c) A contract between an intermediate school district and a constituent district.

(d) A contract awarded to the lowest qualified bidder, upon receipt of sealed bids pursuant to a published notice for bids if the notice does not bar, except as authorized by law, any qualified person, firm, corporation, or trust from bidding. This subdivision does not apply to amendments or renegotiations of a contract or to additional payments under the contract that were not authorized by the contract at the time of award.

(5) If a majority of the members of the board of a school district or intermediate school district or of the board of directors of a public school academy are required to abstain from voting on a contract or other financial transaction due to the operation of this section, then, notwithstanding any other provision of law or any bylaw, for the purposes of that contract or other financial transaction, the members who are not required to abstain constitute a quorum of the board or board of directors and a majority of those members eligible to vote is required for approval of the question.

(6) The provisions of this section are in addition to other provisions of law concerning conflicts of interest that apply to school districts, intermediate school districts, and public school academies.

(7) As used in this section, "family member" means a person's spouse or spouse's sibling or child; a person's sibling or sibling's spouse or child; a person's child or child's spouse; or a person's parent or parent's spouse, and includes these relationships as created by adoption or marriage.

380.1211 Mills levied for school operating purposes; limitation; reduction of mills from which homestead, qualified agricultural property, qualified forest property, supportive housing property, property occupied by public school academy, and industrial personal property are exempt; effect of insufficient mills allowed to be levied under subsection (1); additional mills; number of mills school district may levy after 1994; exemption of commercial personal property; approval by school electors; excess tax revenue; shortfall; allocation under property tax limitation act; reducing number of mills; definitions.

Sec. 1211. (1) Except as otherwise provided in this section and section 1211c, the board of a school district shall levy not more than 18 mills for school operating purposes or the number of mills levied in 1993 for school operating purposes, whichever is less. A principal residence, qualified agricultural property, qualified forest property, supportive housing property, property occupied by a public school academy, and industrial personal property are exempt from the mills levied under this subsection except for the number of mills by which that exemption is reduced under this subsection. Except as otherwise provided in subsection (9), the board of a school district that had a foundation allowance for the 1994-95 state fiscal year greater than \$6,500.00 may reduce the number of mills from which a principal residence, qualified agricultural property, qualified forest property, supportive housing property, property occupied by a public school academy, and industrial personal property are exempted under this subsection by up to the number of mills, as certified under section 1211a, required to be levied on a principal residence, qualified agricultural property, qualified forest property, supportive housing property, property occupied by a public school academy, and industrial personal property for the school district's combined state and local revenue per membership pupil for the school fiscal year ending in 1995 to be equal to the school district's foundation allowance for the state fiscal year ending in 1995, and the board also may levy in 1994 or a succeeding year that number of mills for school operating purposes on a principal residence, qualified agricultural property, qualified forest property, supportive housing property, property occupied by a public school academy, and industrial personal property.

(2) Subject to subsection (3), if the department of treasury determines that the maximum number of mills allowed to be levied under subsection (1) on all classes of property was not sufficient for a school district's combined state and local revenue per membership pupil for the school fiscal year ending in 1995 to be equal to the school district's foundation allowance for that school fiscal year, the board of the school district may levy in 1994 or a succeeding year additional mills uniformly on all property up to the number of mills required for the school district's combined state and local revenue per membership pupil for the school fiscal year ending in 1995 to be equal to the school district's foundation allowance for the state fiscal year ending in 1995. However, the board of a school district described in this subsection, by board resolution, may elect to exempt each principal residence and all qualified agricultural property, qualified forest property, supportive housing property, property occupied by a public school academy, and industrial personal property located in the school district from some or all of the mills that the board is authorized to levy under this subsection.

(3) After 1994, the number of mills a school district may levy under this section on any class of property shall not exceed the lesser of the number of mills the school district was certified by the department of treasury under section 1211a to levy on that class of property under this section in 1994 or the number of mills required to be levied on that class of property under this section to ensure that the increase from the immediately preceding state fiscal year in the school district's combined state and local revenue per membership pupil, calculated as if the school district had levied the maximum number of mills the school district was allowed to levy under this section regardless of the number of mills the school district actually levied, does not exceed the lesser of the dollar amount of the increase in the basic foundation allowance under section 20 of the state school aid act of 1979, MCL 388.1620, from the immediately preceding state fiscal year or the percentage increase in the general price level in the immediately preceding calendar year. If the number of mills a school district is allowed to levy under this section in a year after 1994 is less than the number of mills the school district was allowed to levy under this section in the immediately preceding year, any reduction required by this subsection in the school district's millage rate shall be calculated by first reducing the number of mills the school district is allowed to levy under subsection (2) and then increasing the number of mills from which a principal residence, qualified agricultural property, qualified forest property, supportive housing property, property occupied by a public school academy, and industrial personal property are exempted under subsection (1).

(4) Commercial personal property is exempt from 12 of the mills levied under this section. However, if the number of mills from which industrial personal property is exempted for a specific school district is reduced under this section, then the number of mills from which commercial personal property is exempted for that school district shall be reduced by that same number of mills.

(5) Except as otherwise provided under this subsection, millage levied under this section must be approved by the school electors. For the purposes of this section, millage approved by the school electors before January 1, 1994 for which the authorization has not expired is considered to be approved by the school electors. With the approval of the state treasurer, a school district may pledge millage levied under this section for the repayment of a loan under the emergency municipal loan act, 1980 PA 243, MCL 141.931 to 141.942, money borrowed by the school district under section 1225, or the repayment of advances, overpayments, or other obligations of the school district to this state under section 15 of the state school aid act of 1979, MCL 388.1615.

(6) If a school district levies millage for school operating purposes that is in excess of the limits of this section, the amount of the resulting excess tax revenue shall be deducted from the school district's next regular tax levy.

(7) If a school district levies millage for school operating purposes that is less than the limits of this section, the board of the school district may levy at the school district's next regular tax levy an additional number of mills not to exceed the additional millage needed to make up the shortfall.

(8) A school district shall not levy mills allocated under the property tax limitation act, 1933 PA 62, MCL 211.201 to 211.217a, other than mills allocated to a school district of the first class or a school district that was previously a school district of the first class, for payment to a public library commission under section 11(4) of the property tax limitation act, 1933 PA 62, MCL 211.211, after 1993.

(9) Beginning with taxes levied for 2011, if a school district had a foundation allowance for the 1994-95 state fiscal year greater than \$6,500.00 and if the school district's foundation allowance for the 2009-2010 state fiscal year was less than the basic foundation allowance prescribed for the 2009-2010 state fiscal year under section 20 of the state school aid act of 1979, MCL 388.1620, the school district may not reduce the number of mills from which certain classes of property are exempted from the levy of millage under subsection (1) and may not levy that number of mills on those classes of property as would otherwise be allowed under subsection (1).

However, a school district or public school academy that had a positive general fund balance of at least 5% of total general fund revenues for each of 2 most recently completed school fiscal years is not required to transmit the budgetary assumptions under this subsection. After receipt by CEPI, CEPI shall compile and transmit the budgetary assumptions to the department of treasury. (2) If an authorizing body submits a budgetary assumption report required under subsection (1) on behalf of each public school academy authorized by that authorizing body that would otherwise be required to submit budgetary assumptions under subsection (1), then those public school academies are not required to submit the budgetary assumption report required under subsection (1).

(3) If, based on the factors enumerated in this subsection, the state treasurer determines that the potential for fiscal stress exists within a school district, intermediate school district, or public school academy; that an operating deficit may arise within a school district, intermediate school district, or public school academy during the current school fiscal year or the following 2 school fiscal years; or that a school district, intermediate school district, or public school academy may be unable to meet its financial obligations while also satisfying the school district's, intermediate school district's, or public school academy's obligations or abilities to provide public educational services in a manner that complies with this act, the state school aid act of 1979, and applicable rules, then the state treasurer may declare that the potential for fiscal stress exists for the school district, intermediate school district, or public school academy. This determination shall be based on consideration of the following factors:

(f) The school district or public school academy shall allow the intermediate school district or its contracted agents to examine all financial records and books of account of the school district or public school academy.

(g) The school district or public school academy shall promptly and fully provide the assistance and information necessary and properly requested by the intermediate school district or its contracted agent in the effectuation of the intermediate school district's duties under this subsection, including, but not limited to, complying with a request that the school district or public school academy provide a facility condition assessment or a physical asset inventory if either of these has not been completed in the immediately preceding 24 months.

(b) More than 60 days have passed since the school district, intermediate school district, or public school academy was notified of the declaration as required under subsection (4)(a).

(c) For a school district or public school academy, that school district or public school academy has not established a contract with an intermediate school district in the time and manner required under subsection (5), has rescinded a contract with an intermediate school district under subsection (5)(j), or has had its contract with an intermediate school district under subsection (5) rescinded by the intermediate school district under subsection (5)(j).

(d) The school district, intermediate school district, or public school academy has not had a positive general fund balance of at least 5% of total general fund revenues for each of the 2 most recently completed school fiscal years.

(e) The school district, intermediate school district, or public school academy has had a declining general fund balance in 1 or both of the 2 most recently completed school fiscal years.

(9) If a school district or public school academy enters into a contract with an intermediate school district as described under subsection (5), the state treasurer shall not require the school district or public school academy to submit periodic financial status reports under this section until at least 730 days after the governing body of the school district or public school academy was notified of the declaration of the state treasurer under subsection (4)(a). However, the state treasurer may require the school district or public school academy to submit periodic financial status reports under this section if the state treasurer determines that the school district or public school academy has not implemented any of the recommendations within 365 days after the governing body of the school district or public school academy was notified of the declaration of the state treasurer under subsection (4)(a).

(10) If a school district, intermediate school district, or public school academy is required to submit periodic financial status reports under this section, the school district, intermediate school district, or public school academy shall do all of the following:

(a) Submit a periodic financial status report in the form and manner and on the periodic basis prescribed by the department of treasury, after approval by the governing body of the school district or public school academy.

(11) If a school district, intermediate school district, or public school academy fails to submit a periodic financial status report required under this section, or if the state treasurer determines that information included on a periodic financial status report indicates that fiscal stress exists within the school district, intermediate school district, or public school academy, or that a deficit has occurred or is projected to occur within the school district, intermediate school district, or public school academy within the current school fiscal year or the next school fiscal year and that the school district, intermediate school district, or public school academy lacks the capacity to address the deficit without state assistance, then the state treasurer may require the

school district, intermediate school district, or public school academy to submit an enhanced deficit elimination plan under section 1220.

(12) If a school district is required to submit periodic financial status reports under this section and a loan is issued to the school district under the emergency loan act, 1980 PA 243, MCL 141.931 to 141.942, the state treasurer shall require the school district to submit periodic financial status reports under this section for not more than 4 years after the date of issuance of the loan.

(13) A school district, intermediate school district, or public school academy is no longer required to submit periodic financial status reports under this section if the state treasurer determines that the periodic financial status reports submitted by the school district, intermediate school district, or public school academy indicate that potential fiscal stress does not exist within the school district, intermediate school district, or public school academy; that a deficit is not projected to arise within the school district, intermediate school district, or public school academy within the current school fiscal year or the next 2 school fiscal years; and that the school district, intermediate school district, or public school academy will be able to meet its financial obligations while also satisfying the school district's, intermediate school district's, or public school academy's obligations or ability to provide public educational services in a manner that complies with this act, the state school aid act, and applicable rules.

(16) If the state treasurer declares under subsection (3) that the potential for fiscal stress exists for a public school academy, then, in addition to the option under subsection (5) for the public school academy to establish a contract with an intermediate school district to perform an administrative review under subsection (5), the governing body of the public school academy may establish a contract with its authorizing body for the authorizing body to perform an administrative review of the financial status of the public school academy. If a public school academy and its authorizing body establish a contract for the authorizing body to perform an administrative review under this subsection, then all of the following apply:

380.1227 Estimates of necessary taxes; insurance reserve funds; adoption of budget; apportionment of school taxes.

Sec. 1227. (1) The board of a school district shall prepare annual estimates of the amount of taxes necessary for the school district's needs for the ensuing fiscal year. The estimates shall specify the amount required for the "general fund", the amount required for the "capital projects fund", and the amount required for the "debt retirement fund", in accordance with the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821, and outstanding bonding resolutions.

(2) The school board may include in the "capital projects fund" an amount not exceeding in 1 year .01% of the school district's taxable value to establish and maintain a school district insurance reserve fund from which school buildings or other school property damaged or destroyed by fire, lightning, or otherwise may be repaired, rebuilt, or replaced by other buildings or property to be used in its place. Taxes shall not be levied for this purpose while the insurance reserve fund exceeds or equals .1% of the school district's taxable value. The board shall carry the insurance reserves forward as an encumbered reserve and may add to the reserve in the manner prescribed in this section. Insurance reserve funds may be invested in the manner provided in section 1223. Income from the investment shall be considered a part of the "general fund". If an emergency is declared by a 2/3 vote of the members elected to and serving on the board, the insurance reserve funds may be borrowed for the emergency, but the funds shall be returned to the insurance reserve fund from the collection of taxes in the next ensuing fiscal year.

(3) The school board shall adopt a budget in the same manner and form as required for its estimates and, subject to limitations under law, determine the amount of tax levy necessary for the budget. The board shall certify the amount to the city and township before the date required by law.

(4) The proper officials of the city and township shall apportion the school taxes in the school district in

the same manner as the other taxes of the city or township are apportioned. Except as otherwise provided under part 26, the amount apportioned shall be assessed, levied, collected, and returned for each portion of the school district in the same manner as taxes of the city or township in which the portion of the school district is located.

380.1229 Employment of superintendent and administrators; notification of contract nonrenewal; meeting with board; contract with intermediate school district or another person to serve as superintendent of schools.

Sec. 1229. (1) Except as otherwise provided in subsection (4), the board of a school district, other than a school district that was organized as a primary school district during the 1995-1996 school year, or of an intermediate school district shall employ a superintendent of schools, who shall meet the requirements of section 1246. The superintendent shall not be a member of the board. Employment of a superintendent shall be by written contract. The term of the superintendent's contract shall be fixed by the board, not to exceed 5 years. If written notice of nonrenewal of the contract of a superintendent is not given at least 90 days before the termination of the contract, the contract is renewed for an additional 1-year period. However, for the superintendent of a community district, the minimum time period for the written notice required under this subsection is 30 days.

(2) The board of a school district or intermediate school district may employ assistant superintendents, principals, assistant principals, guidance directors, and other administrators who do not assume tenure in that position under 1937 (Ex Sess) PA 4, MCL 38.71 to 38.191. The employment shall be by written contract. The term of the employment contract shall be fixed by the board, not to exceed 3 years. The board shall prescribe the duties of an individual described in this subsection. If written notice of nonrenewal of the contract of an individual described in this subsection is not given at least 60 days before the termination date of the contract, the contract is renewed for an additional 1-year period. However, for an individual described in this subsection who is employed by a community district, the minimum time period for the written notice required under this subsection is 30 days.

(3) A notification of nonrenewal of contract of an individual described in subsection (2) may be given only for a reason that is not arbitrary or capricious. The board shall not issue a notice of nonrenewal under this section unless the affected individual has been provided with not less than 30 days' advance notice that the board is considering the nonrenewal together with a written statement of the reasons the board is considering the nonrenewal. However, for an individual described in subsection (2) who is employed by a community district, the minimum time period for the advance notice required under this subsection is 7 days. After the issuance of the written statement, but before the nonrenewal statement is issued, the affected individual shall be given the opportunity to meet with not less than a majority of the board to discuss the reasons stated in the written statement. The meeting shall be open to the public or a closed session, as the affected individual elects under section 8 of the open meetings act, 1976 PA 267, MCL 15.268. If the board fails to provide for a meeting with the board, or if a court finds that the reason for nonrenewal is arbitrary or capricious, the affected individual's contract is renewed for an additional 1-year period. This subsection does not apply to the nonrenewal of the contract of a superintendent of schools described in subsection (1).

(4) A school district, instead of directly employing a superintendent of schools, may contract with its intermediate school district for the intermediate superintendent to serve as the superintendent of schools for the school district or for the intermediate school district to provide another person to serve as superintendent of schools for the school district or may contract with another person, including, but not limited to, the

superintendent of another school district, to serve as superintendent of schools for the school district. If a school district does not operate a public school directly on its own, the school district is not required to employ a superintendent.

Sec. 1229a. (1) If a person employed by this state as superintendent of public instruction is removed from that position, the state board, or another state agency, shall not enter into a settlement agreement concerning that removal unless the agreement is in settlement of a lawsuit filed against this state.

(2) The state board shall not grant administrative leave for more than a total of 6 months to a person employed, or previously employed, as state superintendent of public instruction.

(3) The state board shall not offer a contract for a person to be employed by this state as superintendent of public instruction, or extend the contract of a superintendent of public instruction, within 6 months before a general election at which state board members are elected or within 2 months after a general election at which state board members are elected. The state board shall not offer a contract for employment of a superintendent of public instruction in excess of 3 years and shall not extend a contract in increments of more than 1 year. 380.1230 Offer of full-time, part-time, or contract employment; criminal history check; employment as conditional employee; conditions; voiding contract and terminating employment; position as substitute teacher or substitute bus drivers; report received by another district; consent; request; conducting criminal history check; report; disclosure of conviction of listed offense or felony; verification; use; disclosure; violation as misdemeanor; penalty; exception; verification information; definitions.

Sec. 1230. (1) Except as otherwise provided in this section, upon an offer of initial employment being made by the board of a school district or intermediate school district or the governing body of a public school academy or nonpublic school to an individual for any full-time or part-time employment or when school officials learn that an individual is being assigned to regularly and continuously work under contract in any of its schools, the district, public school academy, or nonpublic school shall request from the criminal records division of the department of state police a criminal history check on the individual and, before employing the individual as a regular employee or allowing the individual to regularly and continuously work under contract in any of its schools, shall have received from the department of state police the report described in subsection (8).

(2) If the board of a school district or intermediate school district or the governing body of a public school academy or nonpublic school determines it necessary to hire an individual or to allow an individual to regularly and continuously work under contract for a particular school year during that school year or within 30 days before the beginning of that school year, the board or governing body may employ the individual as a conditional employee or conditionally allow the individual to regularly and continuously work under contract under this subsection without first receiving the report described in subsection (8) if all of the following apply:

(a) The board or governing body requests the criminal history check required under subsection (1) before conditionally employing the individual or conditionally allowing the individual to regularly and continuously work under contract in any of its schools.

(b) The individual signs a statement identifying all crimes for which he or she has been convicted, if any, and agreeing that, if the report described in subsection (8) is not the same as the individual's statement, his or her employment contract is voidable at the option of the board or governing body. The department shall develop and distribute to districts and nonpublic schools a model form for the statement required under this subdivision. The department shall make the model form available to public school academies. A district, public school academy, or nonpublic school shall use the model form for the purposes of this subsection.

(3) If an individual is employed as a conditional employee under subsection (2) and the report described in subsection (8) is not the same as the individual's statement under subsection (2), the board or governing body

may void the individual's employment contract. If an employment contract is voided under this subsection, the individual's employment is terminated, a collective bargaining agreement that would otherwise apply to the individual's employment does not apply to the termination, and the district, public school academy, or nonpublic school or the board or governing body is not liable for the termination.

(4) For an applicant for a position as a substitute teacher or substitute bus driver, or for an individual who regularly and continuously works under contract in more than 1 school district, intermediate school district, public school academy, or nonpublic school, if the applicant or individual agrees in writing to allow a district, public school academy, or nonpublic school to share the results of the criminal history check with another district, public school academy, or nonpublic school, then instead of requesting a criminal history check under subsection (1), a school district, intermediate school district, public school academy, or nonpublic school may use a report received by another district, public school academy, or nonpublic school or maintained by the department to confirm that the applicant or individual does not have any criminal history. If that confirmation is not available, subsection (1) applies to the applicant or individual.

(5) If an applicant is being considered for employment by more than 1 school district, intermediate school district, public school academy, or nonpublic school and if the applicant agrees in writing to allow a district, public school academy, or nonpublic school to share the report described in subsection (8) with another district, public school academy, or nonpublic school, a district, public school academy, or nonpublic school may satisfy the requirements of subsection (1) by obtaining a copy of the report described in subsection (8) from another district, public school academy, or nonpublic school.

(6) An applicant for employment shall give written consent at the time of application for the criminal records division of the department of state police to conduct the criminal history check required under this section.

(7) A school district, intermediate school district, public school academy, or nonpublic school shall make a request to the criminal records division of the department of state police for a criminal history check required under this section on a form and in a manner prescribed by the criminal records division of the department of state police.

(8) Within 30 days after receiving a proper request by a school district, intermediate school district, public school academy, or nonpublic school for a criminal history check on an individual under this section, the criminal records division of the department of state police shall conduct the criminal history check and, after conducting the criminal history check and within that time period, provide a report of the results of the criminal history check to the district, public school academy, or nonpublic school. The report shall contain any criminal history record information on the individual maintained by the criminal records division of the department of state police. A school district, intermediate school district, public school academy, or nonpublic school that receives a report from the department of state police under this subsection shall retain that report in the individual's employment records.

(9) If the report received by a school district, intermediate school district, public school academy, or nonpublic school under subsection (8), or a report received under section 1230a, 1230d(7), 1535a(15), or 1539b(15), discloses that an individual has been convicted of a listed offense, then the school district, intermediate school district, public school academy, or nonpublic school shall take steps to verify that information using public records and, if the information is verified, shall not employ the individual in any capacity, as provided under section 1230c, and shall not allow the individual to regularly and continuously work under contract in any of its schools. If the report received by a school district, intermediate school district, public school academy, or nonpublic school under subsection (8), or a report received under section 1230a, 1230d(7), 1535a(15), or 1539b(15), discloses that an individual has been convicted of a felony other than a listed offense, then the school district, intermediate school district, public school academy, or nonpublic school shall take steps to verify that information using public records and, if the information is verified using public records, shall not employ the individual in any capacity or allow the individual to regularly and continuously work under contract in any of its schools unless the superintendent or chief administrator and the governing board or governing body, if any, of the school district, intermediate school district, public school academy, or nonpublic school each specifically approves the employment or work assignment in writing. If a school district, intermediate school district, public school academy, or nonpublic school receives results described in this subsection, within 60 days after receiving those results the school district, intermediate school district, public school academy, or nonpublic school shall submit to the department in the form and manner prescribed by the department a report detailing the information and any action taken as a result by the school district, intermediate school district, public school academy, or nonpublic school. The department shall maintain a copy of this report for at least 6 years.

(10) Criminal history record information received from the criminal records division of the department of state police under subsection (8) shall be used by a school district, intermediate school district, public school

academy, or nonpublic school only for the purpose of evaluating an individual's qualifications for employment or assignment in the position for which he or she has applied or been assigned and for the purposes of subsections (3), (4), (5), and (12). A member of the board of a district or of the governing body of a public school academy or nonpublic school or an employee of a district, public school academy, or nonpublic school shall not disclose the report or its contents received under this section, except a misdemeanor conviction involving sexual or physical abuse or any felony conviction, to any person who is not directly involved in evaluating the applicant's qualifications for employment or assignment. However, for the purposes of subsections (4) and (5), a person described in this subsection may confirm to an employee of another district, public school academy, or nonpublic school that a report under subsection (8) has revealed that an individual does not have any criminal history or may disclose that no report under subsection (8) has been received concerning the individual, and for the purposes of subsections (4), (5), and (12), a person described in this subsection may provide a copy of the report under subsection (8) concerning the individual to an appropriate representative of another district, public school academy, or nonpublic school. For an individual who is regularly and continuously working under contract, if the individual agrees in writing, a district, public school academy, or nonpublic school may provide a copy of the results received under this section concerning the individual to an appropriate representative of the individual's employer. A representative of the individual's employer who receives a copy of a report, or receives results of a report from another source as authorized by this subsection, shall not disclose the report or its contents or the results of the report to any person outside of the employer's business or to any of the employer's personnel who are not directly involved in evaluating the individual's qualifications for employment or assignment. A person who violates this subsection is guilty of a misdemeanor punishable by a fine of not more than \$10,000.00, but is not subject to the penalties under section 1804. As used in this subsection, "misdemeanor conviction involving sexual or physical abuse" includes, but is not limited to, a misdemeanor conviction for a listed offense; a misdemeanor conviction for violation of section 617a of the Michigan vehicle code, 1949 PA 300, MCL 257.617a; a misdemeanor conviction for violation of section 701 of the Michigan liquor control code of 1998, 1998 PA 58, MCL 436.1701; a misdemeanor conviction for violation of section 81, 81a, 81c, 90c, 136b, 141a, 145, 145d, 145n, 233, 335a, or 411h of the Michigan penal code, 1931 PA 328, MCL 750.81, 750.81a, 750.81c, 750.90c, 750.136b, 750.141a, 750.145, 750.145d, 750.145n, 750.233, 750.335a, and 750.411h; a misdemeanor conviction of section 6 of 1979 PA 53, MCL 752.796; or a misdemeanor conviction for violation of a substantially similar law of another state, of a political subdivision of this state or another state, or of the United States.

(11) Subject to subsection (12), if the criminal history check required under this section has been completed for a particular individual and the results reported to a school district, intermediate school district, public school academy, or nonpublic school as provided under this section, then another criminal history check is not required under this section for that individual as long as the individual remains employed with no separation from service by any school district, intermediate school district, public school academy, or nonpublic school in this state or remains regularly and continuously working under contract with no separation from service for the same employer in any school district, intermediate school district, public school academy, or nonpublic school in this state. For the purposes of this subsection, an employee is not considered to have a separation from service in any of the following circumstances:

(a) The employee is laid off or placed on a leave of absence by his or her employer and returns to active employment with the same employer within 1 year after being laid off or placed on the leave of absence.

(b) The employee transfers to another school district, intermediate school district, public school academy, or nonpublic school and remains continuously employed by any school district, intermediate school district, public school academy, or nonpublic school in this state.

(12) If an individual described in subsection (11) is an applicant for employment in a different school district, intermediate school district, public school academy, or nonpublic school than the one that originally received the results of the criminal history check or that currently is in possession of the results of the criminal history check, or is being assigned to regularly and continuously work under contract in a different school district, intermediate school district, public school academy, or nonpublic school than the one that originally received the results of the criminal history check or that currently is in possession of the results of the criminal history check, then all of the following apply:

(a) If the results of the individual's criminal history check have not already been forwarded to the new school district, intermediate school district, public school academy, or nonpublic school, the new school district, intermediate school district, public school academy, or nonpublic school shall request the school district, intermediate school district, public school academy, or nonpublic school that has the results to forward them to the new school district, intermediate school district, public school academy, or nonpublic school. Upon receipt of such a request, a school district, intermediate school district, public school academy,

or nonpublic school that has the results shall forward them to the requesting school district, intermediate school district, public school academy, or nonpublic school.

(b) If the results of the individual's criminal history check are not received by the new school district, intermediate school district, public school academy, or nonpublic school under this subsection or otherwise, then this section applies to the individual to the same extent as if he or she has had a separation from service.

(c) If the results of the individual's criminal history check are received by the new school district, intermediate school district, public school academy, or nonpublic school under this subsection or otherwise, then that school district, intermediate school district, public school academy, or nonpublic school shall perform a criminal history check on that individual using the department of state police's internet criminal history access tool (ICHAT), ensuring that this criminal history check is based on the personal identifying information, including at least the individual's name, sex, and date of birth, that was associated with the results received from the previous school district, intermediate school district, public school academy, or nonpublic school.

(d) If the search of the department of state police's ICHAT under subdivision (c) reveals that the individual has been convicted of a listed offense, then the school district, intermediate school district, public school academy, or nonpublic school shall take steps to verify that information using public records and, if the information is verified using public records, shall not employ the individual in any capacity, as provided under section 1230c, and shall not allow the individual to regularly and continuously work under contract in any of its schools. If a search of the department of state police's ICHAT under subdivision (c) reveals that the individual has been convicted of a felony other than a listed offense, then the school district, intermediate school district, public school academy, or nonpublic school shall take steps to verify that information using public records and, if the information is verified using public records, shall not employ the individual in any capacity or allow the individual to regularly and continuously work under contract in any of its schools unless the superintendent or chief administrator and the board or governing body, if any, of the school district, intermediate school district, public school academy, or nonpublic school each specifically approves the employment or work assignment in writing.

(13) Subsection (1) does not apply to an individual who is being employed by or assigned to regularly and continuously work under contract in a school of a school district, intermediate school district, public school academy, or nonpublic school if the individual is not more than 19 years of age and is enrolled as a general education pupil of a school district, intermediate school district, public school academy, or nonpublic school or is not more than 26 years of age and is enrolled in special education programs or services in a school district, intermediate school district, public school academy, or nonpublic school. However, before employing the individual or assigning the individual to regularly and continuously work under contract in a school, the school district, intermediate school district, public school academy, or nonpublic school shall perform a criminal history check on that person using the department of state police's internet criminal history access tool (ICHAT). If a search of the department of state police's ICHAT reveals that the individual has been convicted of a listed offense, then the school district, intermediate school district, public school academy, or nonpublic school shall take steps to verify that information using public records and, if the information is verified using public records, shall not employ the individual in any capacity, as provided under section 1230c, and shall not allow the individual to regularly and continuously work under contract in any of its schools. If a search of the department of state police's ICHAT reveals that the individual has been convicted of a felony other than a listed offense, then the school district, intermediate school district, public school academy, or nonpublic school shall take steps to verify that information using public records and, if the information is verified using public records, shall not employ the individual in any capacity or allow the individual to regularly and continuously work under contract in any of its schools unless the superintendent or chief administrator and the board or governing body, if any, of the school district, intermediate school district, public school academy, or nonpublic school each specifically approves the employment or work assignment in writing.

(14) For the purposes of subsections (9) and (13), the department shall make available to school districts, intermediate school districts, public school academies, and nonpublic schools information on how to verify a conviction using public records.

380.1230a Criminal records check through federal bureau of investigation; employment as conditional employee; voiding contract and terminating employment; application as substitute teacher or substitute bus drivers; obtaining copy of results from another district, public school academy, or nonpublic school; consent; form and manner of request; use and disclosure of results; violation as misdemeanor; penalty; definition; initiation of criminal records check by department of state police; disclosure that individual convicted of listed offense or other felony; verification; exception; verification information; definitions.

Sec. 1230a. (1) In addition to the criminal history check required under section 1230, the board of a school district or intermediate school district or the governing body of a public school academy or nonpublic school shall request the department of state police to conduct a criminal records check through the federal bureau of investigation on an applicant for, or an individual who is hired for, any full-time or part-time employment or who is assigned to regularly and continuously work under contract in any of its schools. Except as otherwise provided in this section, a board or governing body shall not employ an individual or allow an individual to regularly and continuously work under contract in any of its schools until after the board or governing body receives the results of the criminal records check. A board or governing body requesting a criminal records check under this section shall require the individual to submit his or her fingerprints to the department of state police for that purpose. The department of state police may charge a fee for conducting the criminal records check. Subject to section 1230g, a board or governing body shall require an individual to submit his or her fingerprints for the purposes of this section only at the time the individual initially applies for employment with the board or governing body or is initially employed by the board or governing body or is initially assigned to regularly and continuously work under contract in any of its schools.

(2) If the board of a school district or intermediate school district or the governing body of a public school academy or nonpublic school determines it necessary to hire an individual or to allow an individual to regularly and continuously work under contract for a particular school year during that school year or within 30 days before the beginning of that school year, the board or governing body may employ the individual as a conditional employee or conditionally allow the individual to regularly and continuously work under contract under this subsection without first receiving the results of the criminal records check under subsection (1) if all of the following apply:

(a) The board or governing body requests the criminal records check under subsection (1) before conditionally employing the individual or conditionally allowing the individual to regularly and continuously work under contract in any of its schools.

(b) The individual signs a statement identifying all crimes for which he or she has been convicted, if any, and agreeing that, if the results of the criminal records check under subsection (1) reveal information that is inconsistent with the individual's statement, his or her employment contract is voidable at the option of the board or governing body. The department shall develop and distribute to districts and nonpublic schools a model form for the statement required under this subdivision. The department shall make the model form available to public school academies. A district, public school academy, or nonpublic school shall use the model form for the purposes of this subsection.

(3) If an individual is employed as a conditional employee under subsection (2) and the results of the criminal records check under subsection (1) reveal information that is inconsistent with the individual's statement under subsection (2), the board or governing body may void the individual's employment contract. If an employment contract is voided under this subsection, the individual's employment is terminated, a collective bargaining agreement that would otherwise apply to the individual's employment does not apply to the termination, and the district, public school academy, or nonpublic school or the board or governing body is not liable for the termination.

(4) For an applicant for a position as a substitute teacher or substitute bus driver, or for an individual who regularly and continuously works under contract in more than 1 school district, intermediate school district, public school academy, or nonpublic school, if the applicant or individual agrees in writing to allow a district, public school academy, or nonpublic school to share the results of the criminal records check with another district, public school academy, or nonpublic school, then instead of requesting a criminal records check under subsection (1), a school district, intermediate school district, public school academy, or nonpublic school may use results received by another district, public school academy, or nonpublic school or maintained by the department to confirm that the applicant or individual does not have any criminal history. If that confirmation is not available, subsection (1) applies to the applicant or individual.

(5) If an applicant is being considered for employment by more than 1 school district, intermediate school district, public school academy, or nonpublic school and if the applicant agrees in writing to allow a district, public school academy, or nonpublic school to share the results of the criminal records check with another district, public school academy, or nonpublic school, then a district, public school academy, or nonpublic school may satisfy the requirements of subsection (1) by obtaining a copy of the results of the criminal records check from another district, public school academy, or nonpublic school.

(6) An applicant for employment shall give written consent at the time of application for the criminal records division of the department of state police to conduct the criminal records check required under this section.

(7) A school district, intermediate school district, public school academy, or nonpublic school shall make a request to the department of state police for a criminal records check under this section on a form and in a manner prescribed by the department of state police.

(8) The results of a criminal records check under this section shall be used by a school district, intermediate school district, public school academy, or nonpublic school only for the purpose of evaluating an individual's qualifications for employment or assignment in the position for which he or she has applied or been assigned and for the purposes of subsections (3), (4), (5), and (12). A member of the board of a district or of the governing body of a public school academy or nonpublic school or an employee of a district, public school academy, or nonpublic school shall not disclose those results received under this section, except a misdemeanor conviction involving sexual or physical abuse or any felony conviction, to any person who is not directly involved in evaluating the individual's qualifications for employment or assignment. However, for the purposes of subsections (4), (5), and (12) a person described in this subsection may provide a copy of the results received under this section concerning the individual to an appropriate representative of another district, public school academy, or nonpublic school. For an individual who is regularly and continuously working under contract, if the individual agrees in writing, a district, public school academy, or nonpublic school may provide a copy of the results received under this section concerning the individual to an appropriate representative of the individual's employer. A representative of the individual's employer who receives a copy of the results, or receives the results from another source as authorized by this subsection, shall not disclose the results to any person outside of the employer's business or to any of the employer's personnel who are not directly involved in evaluating the individual's qualifications for employment or assignment. A person who violates this subsection is guilty of a misdemeanor punishable by a fine of not more than \$10,000.00, but is not subject to the penalties under section 1804. As used in this subsection, "misdemeanor conviction involving sexual or physical abuse" includes, but is not limited to, a misdemeanor conviction for a listed offense; a misdemeanor conviction for violation of section 617a of the Michigan vehicle code, 1949 PA 300, MCL 257.617a; a misdemeanor conviction for violation of section 701 of the Michigan liquor control code of 1998, 1998 PA 58, MCL 436.1701; a misdemeanor conviction for violation of section 81, 81a, 81c, 90c, 136b, 141a, 145, 145d, 145n, 233, 335a, or 411h of the Michigan penal code, 1931 PA 328, MCL 750.81, 750.81a, 750.81c, 750.90c, 750.136b, 750.141a, 750.145, 750.145d, 750.145n, 750.233, 750.335a, and 750.411h; a misdemeanor conviction of section 6 of 1979 PA 53, MCL 752.796; or a misdemeanor conviction for violation of a substantially similar law of another state, of a political subdivision of this state or another state, or of the United States.

(9) Within 30 days after receiving a proper request by a school district, intermediate school district, public school academy, or nonpublic school for a criminal records check on an individual under this section, the

criminal records division of the department of state police shall initiate the criminal records check through the federal bureau of investigation. After conducting the criminal records check required under this section for a school district, intermediate school district, public school academy, or nonpublic school, the criminal records division of the department of state police shall provide the results of the criminal records check to the district, public school academy, or nonpublic school. A school district, intermediate school district, public school academy, or nonpublic school that receives results from the department of state police under this subsection shall retain those results in the individual's employment records.

(10) If the results received by a school district, intermediate school district, public school academy, or nonpublic school under subsection (9), or a report received under section 1230, 1230d(7), 1535a(15), or 1539b(15), disclose that an individual has been convicted of a listed offense, then the school district, intermediate school district, public school academy, or nonpublic school shall take steps to verify that information using public records and, if the information is verified, shall not employ the individual in any capacity, as provided under section 1230c, and shall not allow the individual to regularly and continuously work under contract in any of its schools. If the results received by a school district, intermediate school district, public school academy, or nonpublic school under subsection (9), or a report received under section 1230, 1230d(7), 1535a(15), or 1539b(15), disclose that an individual has been convicted of a felony other than a listed offense, then the school district, intermediate school district, public school academy, or nonpublic school shall take steps to verify that information using public records and, if the information is verified using public records, shall not employ the individual in any capacity or allow the individual to regularly and continuously work under contract in any of its schools unless the superintendent or chief administrator and the governing board or governing body, if any, of the school district, intermediate school district, public school academy, or nonpublic school each specifically approves the employment or work assignment in writing. If a school district, intermediate school district, public school academy, or nonpublic school receives results described in this subsection, within 60 days after receiving those results the school district, intermediate school district, public school academy, or nonpublic school shall submit to the department in the form and manner prescribed by the department a report detailing the information and any action taken as a result by the school district, intermediate school district, public school academy, or nonpublic school. The department shall maintain a copy of this report for at least 6 years.

(11) Subject to subsection (12), if the criminal records check required under this section has been completed for a particular individual and the results reported to a school district, intermediate school district, public school academy, or nonpublic school as provided under this section, then another criminal records check is not required under this section for that individual as long as the individual remains employed with no separation from service by any school district, intermediate school district, public school academy, or nonpublic school in this state or remains regularly and continuously working under contract with no separation from service for the same employer in any school district, intermediate school district, public school academy, or nonpublic school in this state. For the purposes of this subsection, an employee is not considered to have a separation from service in any of the following circumstances:

(a) The employee is laid off or placed on a leave of absence by his or her employer and returns to active employment with the same employer within 1 year after being laid off or placed on the leave of absence.

(b) The employee transfers to another school district, intermediate school district, public school academy, or nonpublic school and remains continuously employed by any school district, intermediate school district, public school academy, or nonpublic school in this state.

(12) If an individual described in subsection (11) is an applicant for employment in a different school district, intermediate school district, public school academy, or nonpublic school than the one that originally received the results of the criminal records check or that currently is in possession of the results of the criminal records check, or is being assigned to regularly and continuously work under contract in a different school district, intermediate school district, public school academy, or nonpublic school than the one that originally received the results of the criminal records check or that currently is in possession of the results of the criminal records check, then all of the following apply:

(a) If the results of the individual's criminal records check have not already been forwarded to the new school district, intermediate school district, public school academy, or nonpublic school, the new school district, intermediate school district, public school academy, or nonpublic school shall request the school district, intermediate school district, public school academy, or nonpublic school that has the results to forward them to the new school district, intermediate school district, public school academy, or nonpublic school. Upon receipt of such a request, a school district, intermediate school district, public school academy, or nonpublic school that has the results shall forward them to the requesting school district, intermediate school district, public school academy, or nonpublic school.

(b) If the results of the individual's criminal records check are not received by the new school district,

intermediate school district, public school academy, or nonpublic school under this subsection or otherwise, then this section applies to the individual to the same extent as if he or she has had a separation from service.

(13) Subsection (1) does not apply to an individual who is being employed by or assigned to regularly and continuously work under contract in a school of a school district, intermediate school district, public school academy, or nonpublic school if the individual is not more than 19 years of age and is enrolled as a general education pupil of a school district, intermediate school district, public school academy, or nonpublic school or is not more than 26 years of age and is enrolled in special education programs or services in a school district, intermediate school district, public school academy, or nonpublic school. However, before employing the individual or assigning the individual to regularly and continuously work under contract in a school, the school district, intermediate school district, public school academy, or nonpublic school shall perform a criminal history check on that person using the department of state police's internet criminal history access tool (ICHAT). If a search of the department of state police's ICHAT reveals that the individual has been convicted of a listed offense, then the school district, intermediate school district, public school academy, or nonpublic school shall take steps to verify that information using public records and, if the information is verified using public records, shall not employ the individual in any capacity, as provided under section 1230c, and shall not allow the individual to regularly and continuously work under contract in any of its schools. If a search of the department of state police's ICHAT reveals that the individual has been convicted of a felony other than a listed offense, then the school district, intermediate school district, public school academy, or nonpublic school shall take steps to verify that information using public records and, if the information is verified using public records, shall not employ the individual in any capacity or allow the individual to regularly and continuously work under contract in any of its schools unless the superintendent or chief administrator and the board or governing body of the school district, intermediate school district, public school academy, or nonpublic school each specifically approves the employment or work assignment in writing.

(14) For the purposes of subsections (10) and (13), the department shall make available to school districts, intermediate school districts, public school academies, and nonpublic schools information on how to verify a conviction using public records.

Sec. 1230b. (1) Before hiring an applicant for employment, a school district, local act school district, public school academy, intermediate school district, or nonpublic school shall request the applicant for employment to sign a statement that does both of the following:

(a) Authorizes the applicant's current or former employer or employers to disclose to the school district,

local act school district, public school academy, intermediate school district, or nonpublic school any unprofessional conduct by the applicant and to make available to the school district, local act school district, public school academy, intermediate school district, or nonpublic school copies of all documents in the employee's personnel record maintained by the current or former employer relating to that unprofessional conduct.

(b) Releases the current or former employer, and employees acting on behalf of the current or former employer, from any liability for providing information described in subdivision (a), as provided in subsection (3), and waives any written notice required under section 6 of the Bullard-Plawecki employee right to know act, Act No. 397 of the Public Acts of 1978, being section 423.506 of the Michigan Compiled Laws.

(2) Before hiring an applicant for employment, a school district, local act school district, public school academy, intermediate school district, or nonpublic school shall request at least the applicant's current employer or, if the applicant is not currently employed, the applicant's immediately previous employer to provide the information described in subsection (1)(a), if any. An employer, or an employee acting on behalf of the employer, that discloses information under this section in good faith is immune from civil liability for the disclosure. An employer, or an employee acting on behalf of the employer, is presumed to be acting in good faith at the time of a disclosure under this section unless a preponderance of the evidence establishes 1 or more of the following:

(a) That the employer, or employee, knew the information disclosed was false or misleading.

(b) That the employer, or employee, disclosed the information with a reckless disregard for the truth.

Sec. 1230d. (1) If a person who is employed in any capacity by a school district, intermediate school district, public school academy, or nonpublic school; who has applied for a position with a school district, intermediate school district, public school academy, or nonpublic school and has had an initial criminal history check under section 1230 or criminal records check under section 1230a; or who is regularly and continuously working under contract in a school district, intermediate school district, public school academy, or nonpublic school, is charged with a crime listed in section 1535a(1) or 1539b(1) or a violation of a substantially similar law of another state, a political subdivision of this state or another state, or of the United States, the person shall report to the department and to the school district, intermediate school district, public school academy, or nonpublic school that he or she has been charged with the crime. The person shall immediately provide a copy of the form to the

However, if a collective bargaining agreement that applies to the affected person is in effect as of January 1, 2006, and if that collective bargaining agreement is not in compliance with this subsection, then this subsection does not apply to that school district, intermediate school district, or public school academy until after the expiration of that collective bargaining agreement.

(5) If a person submits a report that he or she has been charged with a crime, as required under subsection (1), and the person is subsequently not convicted of any crime after the completion of judicial proceedings resulting from that charge, then the person may request the department and the school district, intermediate school district, public school academy, or nonpublic school to delete the report from its records concerning the person. Upon receipt of the request from the person and of documentation verifying that the person was not convicted of any crime after the completion of judicial proceedings resulting from that charge, the department or a school district, intermediate school district, public school academy, or nonpublic school shall delete the report from its records concerning the person.

This comparison shall only include individuals who are actually school employees at the time of the comparison or who are regularly and continuously working under contract at the time of the comparison. Unless otherwise prohibited by law, this comparison shall include convictions contained in a nonpublic record. The department and the department of state police shall perform this comparison during January and June of each year until July 1, 2008. The department of state police shall take all reasonable and necessary measures using the available technology to ensure the accuracy of this comparison before transmitting the information under this subsection to the department. The department shall take all reasonable and necessary measures using the available technology to ensure the accuracy of this comparison before notifying a school district, intermediate school district, public school academy, or nonpublic school of a conviction. If a comparison discloses that a person on the department's list of registered educational personnel has been convicted of a crime, or if the department is otherwise notified by the department of state police that such a person has been convicted of a crime, the department shall notify the superintendent or chief administrator and the board or governing body of the school district, intermediate school district, public school academy, or nonpublic school in which the person is employed of that conviction.

Sec. 1230f. The department of information technology shall work with the department of state police to establish a system for the department of state police to save and maintain in its automated fingerprint identification system (AFIS) database all fingerprints that are submitted to the department of state police under sections 1230a and 1230g. If a criminal arrest fingerprint card is subsequently submitted to the department of state police and matches against a fingerprint that was submitted under section 1230a or 1230g and stored in the AFIS database, the department of state police shall notify the department.

History: Add. 2005, Act 130, Eff. Jan. 1, 2006.

380.1230g Individual employed or working under contract; criminal history check or records check; use of results received by another district; consent; request; use of results for limited purpose; "misdemeanor conviction involving sexual or physical abuse" defined; duties of department of state police; verification; disclosure of conviction for listed offense or other felony; exception; definitions.

Sec. 1230g. (1) Not later than July 1, 2008, the board of a school district or intermediate school district, the board of directors of a public school academy, or the governing body of a nonpublic school shall do both of the following for each individual who, as of December 1, 2005, is either a full-time or part-time employee of the school district, intermediate school district, public school academy, or nonpublic school or is assigned to regularly and continuously work under contract in any of its schools and who either is still a full-time or part-time employee of the school district, intermediate school district, public school academy, or nonpublic school on the date that the criminal history and criminal records checks under this section are initiated or is still assigned to regularly and continuously work under contract in any of its schools on the date that the criminal history and criminal records checks under this section are initiated:

(a) Request from the criminal records division of the department of state police a criminal history check on the individual.

(b) Request the department of state police to conduct a criminal records check on the individual through the federal bureau of investigation. The board, board of directors, or governing board shall require the individual to submit his or her fingerprints to the department of state police for the purposes of this subdivision. The department of state police may charge a fee for conducting the criminal records check.

(2) For an individual employed or regularly and continuously working under contract as a substitute teacher or substitute bus driver, if the individual agrees in writing to allow a district, public school academy, or nonpublic school to share the results of the criminal history check or criminal records check with another district, public school academy, or nonpublic school, then instead of requesting a criminal history check and criminal records check under subsection (1), a school district, intermediate school district, public school academy, or nonpublic school may use results received by another district, public school academy, or nonpublic school to confirm that the individual does not have any criminal history. Alternatively, a school district, intermediate school district, public school academy, or nonpublic school may use results maintained by the department to confirm that the individual does not have any criminal history. If confirmation is not available from any of these sources, subsection (1) applies to the individual.

(3) If an individual described in subsection (1) is employed by or regularly and continuously working under contract in more than 1 school district, intermediate school district, public school academy, or nonpublic school and if the individual agrees in writing to allow a district, public school academy, or nonpublic school to share the results of the criminal history check or criminal records check with another district, public school academy, or nonpublic school, then a district, public school academy, or nonpublic school may satisfy the requirements of subsection (1) by obtaining a copy of the results of the criminal history check or criminal records check from another district, public school academy, or nonpublic school.

(4) An individual described in subsection (1) shall give written consent for the criminal records division of the department of state police to conduct the criminal history check and criminal records check required under this section and shall submit his or her fingerprints to the department of state police for the purposes of the criminal records check. If an individual does not comply with this subsection or otherwise fails to cooperate with a school district, intermediate school district, public school academy, or nonpublic school that is seeking to comply with subsection (1) concerning the individual, then the school district, intermediate school district, public school academy, or nonpublic school shall not employ the individual in any capacity and shall not allow the individual to regularly and continuously work under contract in any of its schools.

(5) A school district, intermediate school district, public school academy, or nonpublic school shall make a request to the department of state police for the criminal history check and criminal records check under this section on a form and in a manner prescribed by the department of state police.

(6) The results of a criminal history check and criminal records check under this section shall be used by a school district, intermediate school district, public school academy, or nonpublic school only for the purpose of evaluating an individual's qualifications for employment or assignment in his or her position and for the purposes of subsections (2) and (3). A member of the board of a school district or intermediate school district, of the board of directors of a public school academy, or of the governing body of a nonpublic school or an employee of a district, public school academy, or nonpublic school shall not disclose those results received under this section, except a misdemeanor conviction involving sexual or physical abuse or any felony conviction, to any person who is not directly involved in evaluating the individual's qualifications for

employment or assignment. However, for the purposes of subsections (2) and (3), a person described in this subsection may provide a copy of the results received under this section concerning the individual to an appropriate representative of another district, public school academy, or nonpublic school. For an individual who is regularly and continuously working under contract, if the individual agrees in writing, a district, public school academy, or nonpublic school may provide a copy of the results received under this section concerning the individual to an appropriate representative of the individual's employer. A representative of the individual's employer who receives a copy of the results, or receives the results from another source as authorized by this subsection, shall not disclose the results to any person outside of the employer's business or to any of the employer's personnel who are not directly involved in evaluating the individual's qualifications for employment or assignment. A person who violates this subsection is guilty of a misdemeanor punishable by a fine of not more than \$10,000.00, but is not subject to the penalties under section 1804. As used in this subsection, "misdemeanor conviction involving sexual or physical abuse" includes, but is not limited to, a misdemeanor conviction for a listed offense; a misdemeanor conviction for violation of section 617a of the Michigan vehicle code, 1949 PA 300, MCL 257.617a; a misdemeanor conviction for violation of section 701 of the Michigan liquor control code of 1998, 1998 PA 58, MCL 436.1701; a misdemeanor conviction for violation of section 81, 81a, 81c, 90c, 136b, 141a, 145, 145d, 145n, 233, 335a, or 411h of the Michigan penal code, 1931 PA 328, MCL 750.81, 750.81a, 750.81c, 750.90c, 750.136b, 750.141a, 750.145, 750.145d, 750.145n, 750.233, 750.335a, and 750.411h; a misdemeanor conviction of section 6 of 1979 PA 53, MCL 752.796; or a misdemeanor conviction for violation of a substantially similar law of another state, of a political subdivision of this state or another state, or of the United States.

(7) Within 30 days after receiving a proper request by a school district, intermediate school district, public school academy, or nonpublic school for a criminal history check and criminal records check on an individual under this section, the criminal records division of the department of state police shall do both of the following:

(a) Conduct the criminal history check and, after conducting the criminal history check and within that time period, provide a report of the results of the criminal history check to the district, public school academy, or nonpublic school. The report shall contain any criminal history record information on the individual that is maintained by the criminal records division of the department of state police. A school district, intermediate school district, public school academy, or nonpublic school that receives a report from the department of state police under this subdivision shall retain that report in the individual's employment records.

(b) Initiate the criminal records check through the federal bureau of investigation. After conducting the criminal records check required under this section for a school district, intermediate school district, public school academy, or nonpublic school, the criminal records division of the department of state police shall provide the results of the criminal records check to the district, public school academy, or nonpublic school. A school district, intermediate school district, public school academy, or nonpublic school that receives results from the department of state police under this subdivision shall retain those results in the individual's employment records.

(8) If the results received by a school district, intermediate school district, public school academy, or nonpublic school under subsection (7), or a report received under section 1230a, 1230d(7), 1535a(15), or 1539b(15), disclose that an individual has been convicted of a listed offense, then the school district, intermediate school district, public school academy, or nonpublic school shall take steps to verify that information using public records and, if the information is verified using public records, shall not employ the individual in any capacity, as provided under section 1230c, and shall not allow the individual to regularly and continuously work under contract in any of its schools. If the results received by a school district, intermediate school district, public school academy, or nonpublic school under subsection (7), or a report received under section 1230a, 1230d(7), 1535a(15), or 1539b(15), disclose that an individual has been convicted of a felony other than a listed offense, then the school district, intermediate school district, public school academy, or nonpublic school shall take steps to verify that information using public records and, if the information is verified using public records, shall not employ the individual in any capacity or allow the individual to regularly and continuously work under contract in any of its schools unless the superintendent or chief administrator and the governing board or governing body, if any, of the school district, intermediate school district, public school academy, or nonpublic school each specifically approves the employment or work assignment in writing. If a school district, intermediate school district, public school academy, or nonpublic school receives results described in this subsection, within 60 days after receiving those results the school district, intermediate school district, public school academy, or nonpublic school shall submit to the department in the form and manner prescribed by the department a report detailing the information received and any action taken as a result by the school district, intermediate school district, public school academy, or nonpublic school. The department shall maintain a copy of this report for at least 6 years.

(9) If the criminal history check and criminal records check required under this section have been completed for a particular individual and the results reported to a school district, intermediate school district, public school academy, or nonpublic school as provided under this section, then another criminal history check or criminal records check is not required under this section for that individual as long as the individual remains employed with no separation from service by any school district, intermediate school district, public school academy, or nonpublic school in this state or remains regularly and continuously working under contract with no separation from service for the same employer in any school district, intermediate school district, public school academy, or nonpublic school in this state. For the purposes of this subsection, an employee is not considered to have a separation from service in any of the following circumstances:

(a) The employee is laid off or placed on a leave of absence by his or her employer and returns to active employment with the same employer within 1 year after being laid off or placed on the leave of absence.

(b) The employee transfers to another school district, intermediate school district, public school academy, or nonpublic school and remains continuously employed by any school district, intermediate school district, public school academy, or nonpublic school in this state.

(10) Subsection (1) does not apply to an individual who is an employee or is assigned to regularly and continuously work under contract in a school of a school district, intermediate school district, public school academy, or nonpublic school if the individual is not more than 19 years of age and is enrolled as a general education pupil of a school district, intermediate school district, public school academy, or nonpublic school or is not more than 26 years of age and is enrolled in special education programs or services in a school district, intermediate school district, public school academy, or nonpublic school. However, the school district, intermediate school district, public school academy, or nonpublic school shall perform a criminal history check on that person using the department of state police's internet criminal history access tool (ICHAT). If a search of the department of state police's ICHAT reveals that the individual has been convicted of a listed offense, then the school district, intermediate school district, public school academy, or nonpublic school shall take steps to verify that information using public records and, if the information is verified using public records, shall not employ the individual in any capacity, as provided under section 1230c, and shall not allow the individual to regularly and continuously work under contract in any of its schools. If a search of the department of state police's ICHAT reveals that the individual has been convicted of a felony other than a listed offense, then the school district, intermediate school district, public school academy, or nonpublic school shall take steps to verify that information using public records and, if the information is verified using public records, shall not employ the individual in any capacity or allow the individual to regularly and continuously work under contract in any of its schools unless the superintendent or chief administrator and the board or governing body of the school district, intermediate school district, public school academy, or nonpublic school each specifically approves the employment or work assignment in writing.

(11) For the purposes of subsections (8) and (10), the department shall make available to school districts, intermediate school districts, public school academies, and nonpublic schools information on how to verify a conviction using public records.

(2) Subject to subsections (3) and (4), a teacher employed as a substitute teacher for 150 days or more during a legal school year of not less than 180 days, or employed as a substitute teacher for 180 days or more by an intermediate school district that operates any program for 220 days or more as required by administrative rule, shall be given during the balance of the school year or during the next succeeding legal school year only the first opportunity to accept or reject a contract for which the substitute teacher is certified, after all other teachers of the school district are reemployed in conformance with the terms of a master contract of an authorized bargaining unit and the employer.

(3) Subsections (1) and (2) do not apply to a substitute teacher who is contracted or employed by a person or entity that contracts with a school district or intermediate school district pursuant to section 1236a.

(4) Subsection (2) does not apply to a substitute teacher who is fulfilling the teaching duties of a teacher who is unable to teach due to a terminal illness.

(5) As used in this section, “day” means the working day of the regular, full-time teacher for whom the substitute teacher substitutes. A quarter-day, half-day, or other fractional day of substitute service shall be counted only as that fraction. However, a fraction of a day that is acknowledged by the school district and paid as a full day shall be counted as a full day for purposes of this section.

(2) A contract entered into under this section shall include the following provisions:

(a) Assurance that the person or entity will furnish the school district or intermediate school district with qualified teachers in accordance with this act and rules promulgated under this act.

(b) Assurance that the person or entity will not furnish to the school district or intermediate school district any teacher who, if employed directly by the school district or intermediate school district, would be ineligible for employment by the school district or intermediate school district as a substitute teacher under this act.

The department of state police shall provide information to a person or entity requesting information under this subdivision to the same extent as if the person or entity were a school district making the request under section 1230 or 1230a.

380.1248 Personnel decisions resulting in elimination of position; policies; collective bargaining agreement; expiration; action brought by teacher; remedy.

Sec. 1248. (1) For teachers, as defined in section 1 of article I of 1937 (Ex Sess) PA 4, MCL 38.71, all of the following apply to policies regarding personnel decisions when conducting a staffing or program reduction or any other personnel determination resulting in the elimination of a position, when conducting a recall from a staffing or program reduction or any other personnel determination resulting in the elimination of a position, or in hiring after a staffing or program reduction or any other personnel determination resulting in the elimination of a position by a school district or intermediate school district:

(a) Subject to subdivision (c), the board of a school district or intermediate school district shall not adopt,

implement, maintain, or comply with a policy that provides that length of service or tenure status is the primary or determining factor in personnel decisions when conducting a staffing or program reduction or any other personnel determination resulting in the elimination of a position, when conducting a recall from a staffing or program reduction or any other personnel determination resulting in the elimination of a position, or in hiring after a staffing or program reduction or any other personnel determination resulting in the elimination of a position.

(b) Subject to subdivision (c), the board of a school district or intermediate school district shall ensure that the school district or intermediate school district adopts, implements, maintains, and complies with a policy that provides that all personnel decisions when conducting a staffing or program reduction or any other personnel determination resulting in the elimination of a position, when conducting a recall from a staffing or program reduction or any other personnel determination resulting in the elimination of a position, or in hiring after a staffing or program reduction or any other personnel determination resulting in the elimination of a position, are based on retaining effective teachers. The policy shall ensure that a teacher who has been rated as ineffective under the performance evaluation system under section 1249 is not given any preference that would result in that teacher being retained over a teacher who is evaluated as minimally effective, effective, or highly effective under the performance evaluation system under section 1249. Effectiveness shall be measured by the performance evaluation system under section 1249, and the personnel decisions shall be made based on the following factors:

(i) Individual performance shall be the majority factor in making the decision, and shall consist of but is not limited to all of the following:

(A) Evidence of student growth, which shall be the predominant factor in assessing an employee's individual performance.

(B) The teacher's demonstrated pedagogical skills, including at least a special determination concerning the teacher's knowledge of his or her subject area and the ability to impart that knowledge through planning, delivering rigorous content, checking for and building higher-level understanding, differentiating, and managing a classroom; and consistent preparation to maximize instructional time.

(C) The teacher's management of the classroom, manner and efficacy of disciplining pupils, rapport with parents and other teachers, and ability to withstand the strain of teaching.

(D) The teacher's attendance and disciplinary record, if any.

(ii) Significant, relevant accomplishments and contributions. This factor shall be based on whether the individual contributes to the overall performance of the school by making clear, significant, relevant contributions above the normal expectations for an individual in his or her peer group and having demonstrated a record of exceptional performance.

(iii) Relevant special training. This factor shall be based on completion of relevant training other than the professional development or continuing education that is required by the employer or by state law, and integration of that training into instruction in a meaningful way.

(c) Except as otherwise provided in this subdivision, length of service or tenure status shall not be a factor in a personnel decision described in subdivision (a) or (b). However, if that personnel decision involves 2 or more employees and all other factors distinguishing those employees from each other are equal, then length of service or tenure status may be considered as a tiebreaker.

(2) If a collective bargaining agreement is in effect for employees of a school district or intermediate school district as of the effective date of this section and if that collective bargaining agreement prevents compliance with subsection (1), then subsection (1) does not apply to that school district or intermediate school district until after the expiration of that collective bargaining agreement.

(3) If a teacher brings an action against a school district or intermediate school district based on this section, the teacher's sole and exclusive remedy shall be an order of reinstatement commencing 30 days after a decision by a court of competent jurisdiction. The remedy in an action brought by a teacher based on this section shall not include lost wages, lost benefits, or any other economic damages.

380.1249 Performance evaluation system for teachers and school administrators; requirements; posting information about evaluation tools on public website; effect of collective bargaining agreement; establishment and maintenance of list of teacher evaluation tools; rules; training to be paid from educator evaluation reserve fund; operation or applicability of MCL 380.1248 not affected; "teacher" defined.

Sec. 1249. (1) Subject to subsection (4), with the involvement of teachers and school administrators, the board of a school district or intermediate school district or board of directors of a public school academy shall adopt and implement for all teachers and school administrators a rigorous, transparent, and fair performance evaluation system that does all of the following:

(a) Evaluates the teacher's or school administrator's job performance at least annually while providing timely and constructive feedback.

(b) Establishes clear approaches to measuring student growth and provides teachers and school administrators with relevant data on student growth.

(c) Evaluates a teacher's or school administrator's job performance, using multiple rating categories that take into account student growth and assessment data. Student growth must be measured using multiple measures that may include student learning objectives, achievement of individualized education program goals, nationally normed or locally developed assessments that are aligned to state standards, research-based growth measures, or alternative assessments that are rigorous and comparable across schools within the school district, intermediate school district, or public school academy. If the performance evaluation system implemented by a school district, intermediate school district, or public school academy under this section does not already include the rating of teachers as highly effective, effective, minimally effective, and ineffective, then the school district, intermediate school district, or public school academy shall revise the performance evaluation system not later than September 19, 2011 to ensure that it rates teachers as highly effective, effective, minimally effective, or ineffective.

(d) Uses the evaluations, at a minimum, to inform decisions regarding all of the following:

(i) The effectiveness of teachers and school administrators, ensuring that they are given ample opportunities for improvement.

(ii) Promotion, retention, and development of teachers and school administrators, including providing relevant coaching, instruction support, or professional development.

(iii) Whether to grant tenure or full certification, or both, to teachers and school administrators using rigorous standards and streamlined, transparent, and fair procedures.

(iv) Removing ineffective tenured and untenured teachers and school administrators after they have had ample opportunities to improve, and ensuring that these decisions are made using rigorous standards and streamlined, transparent, and fair procedures.

(2) The board of a school district or intermediate school district or board of directors of a public school academy shall ensure that the performance evaluation system for teachers meets all of the following:

(a) The performance evaluation system shall include at least an annual year-end evaluation for all teachers. Beginning with the 2015-2016 school year, an annual year-end evaluation shall meet all of the following:

(i) For the 2015-2016, 2016-2017, and 2017-2018 school years, 25% of the annual year-end evaluation shall be based on student growth and assessment data. Beginning with the 2018-2019 school year, 40% of the annual year-end evaluation shall be based on student growth and assessment data.

(ii) Beginning with the 2018-2019 school year, for core content areas in grades and subjects in which state assessments are administered, 50% of student growth must be measured using the state assessments, and the portion of student growth not measured using state assessments must be measured using multiple research-based growth measures or alternative assessments that are rigorous and comparable across schools within the school district, intermediate school district, or public school academy. Student growth also may be measured by student learning objectives or nationally normed or locally adopted assessments that are aligned to state standards, or based on achievement of individualized education program goals.

(iii) Beginning with the 2016-2017 school year, the portion of a teacher's annual year-end evaluation that is not based on student growth and assessment data, as described under subparagraph (i), shall be based primarily on a teacher's performance as measured by the evaluation tool developed or adopted by the school district, intermediate school district, or public school academy under subdivision (f).

(iv) The portion of a teacher's evaluation that is not measured using student growth and assessment data, as described under subparagraph (i), or using the evaluation tool developed or adopted by the school district, intermediate school district, or public school academy, as described under subparagraph (iii), shall incorporate criteria enumerated in section 1248(1)(b)(i) to (iii) that are not otherwise evaluated under subparagraph (i) or (iii).

(b) If there are student growth and assessment data available for a teacher for at least 3 school years, the annual year-end evaluation shall be based on the student growth and assessment data for the most recent 3-consecutive-school-year period. If there are not student growth and assessment data available for a teacher for at least 3 school years, the annual year-end evaluation shall be based on all student growth and assessment data that are available for the teacher.

(c) The annual year-end evaluation shall include specific performance goals that will assist in improving

effectiveness for the next school year and are developed by the school administrator or his or her designee conducting the evaluation, in consultation with the teacher, and any recommended training identified by the school administrator or designee, in consultation with the teacher, that would assist the teacher in meeting these goals. For a teacher described in subdivision (d), the school administrator or designee shall develop, in consultation with the teacher, an individualized development plan that includes these goals and training and is designed to assist the teacher to improve his or her effectiveness.

(d) The performance evaluation system shall include a midyear progress report for a teacher who is in the first year of the probationary period prescribed by section 1 of article II of 1937 (Ex Sess) PA 4, MCL 38.81, or who received a rating of minimally effective or ineffective in his or her most recent annual year-end evaluation. The midyear progress report shall be used as a supplemental tool to gauge a teacher's improvement from the preceding school year and to assist a teacher to improve. All of the following apply to the midyear progress report:

(i) The midyear progress report shall be based at least in part on student achievement.

(ii) The midyear progress report shall be aligned with the teacher's individualized development plan under subdivision (c).

(iii) The midyear progress report shall include specific performance goals for the remainder of the school year that are developed by the school administrator conducting the annual year-end evaluation or his or her designee and any recommended training identified by the school administrator or designee that would assist the teacher in meeting these goals. At the midyear progress report, the school administrator or designee shall develop, in consultation with the teacher, a written improvement plan that includes these goals and training and is designed to assist the teacher to improve his or her rating.

(iv) The midyear progress report shall not take the place of an annual year-end evaluation.

(e) The performance evaluation system shall include classroom observations to assist in the performance evaluations. All of the following apply to these classroom observations:

(i) A classroom observation shall include a review of the teacher's lesson plan and the state curriculum standard being used in the lesson and a review of pupil engagement in the lesson.

(ii) A classroom observation does not have to be for an entire class period.

(iii) Unless a teacher has received a rating of effective or highly effective on his or her 2 most recent annual year-end evaluations, there shall be at least 2 classroom observations of the teacher each school year. Beginning with the 2016-2017 school year, at least 1 observation must be unscheduled.

(iv) Beginning with the 2016-2017 school year, the school administrator responsible for the teacher's performance evaluation shall conduct at least 1 of the observations. Other observations may be conducted by other observers who are trained in the use of the evaluation tool that is used under subdivision (f). These other observers may be teacher leaders.

(v) Beginning with the 2016-2017 school year, a school district, intermediate school district, or public school academy shall ensure that, within 30 days after each observation, the teacher is provided with feedback from the observation.

(f) For the purposes of conducting annual year-end evaluations under the performance evaluation system, by the beginning of the 2016-2017 school year, the school district, intermediate school district, or public school academy shall adopt and implement 1 or more of the evaluation tools for teachers that are included on the list under subsection (5). However, if a school district, intermediate school district, or public school academy has 1 or more local evaluation tools for teachers or modifications of an evaluation tool on the list under subsection (5), and the school district, intermediate school district, or public school academy complies with subsection (3), the school district, intermediate school district, or public school academy may conduct annual year-end evaluations for teachers using 1 or more local evaluation tools or modifications. The evaluation tools shall be used consistently among the schools operated by a school district, intermediate school district, or public school academy so that all similarly situated teachers are evaluated using the same evaluation tool.

(g) The performance evaluation system shall assign an effectiveness rating to each teacher of highly effective, effective, minimally effective, or ineffective, based on his or her score on the annual year-end evaluation described in this subsection.

(h) As part of the performance evaluation system, and in addition to the requirements of section 1526, a school district, intermediate school district, or public school academy is encouraged to assign a mentor or coach to each teacher who is described in subdivision (d).

(i) The performance evaluation system may allow for exemption of student growth data for a particular pupil for a school year upon the recommendation of the school administrator conducting the annual year-end evaluation or his or her designee and approval of the school district superintendent or his or her designee, intermediate superintendent or his or her designee, or chief administrator of the public school academy, as

applicable.

(j) The performance evaluation system shall provide that, if a teacher is rated as ineffective on 3 consecutive annual year-end evaluations, the school district, public school academy, or intermediate school district shall dismiss the teacher from his or her employment. This subdivision does not affect the ability of a school district, intermediate school district, or public school academy to dismiss a teacher from his or her employment regardless of whether the teacher is rated as ineffective on 3 consecutive annual year-end evaluations.

(k) The performance evaluation system shall provide that, if a teacher is rated as highly effective on 3 consecutive annual year-end evaluations, the school district, intermediate school district, or public school academy may choose to conduct a year-end evaluation biennially instead of annually. However, if a teacher is not rated as highly effective on 1 of these biennial year-end evaluations, the teacher shall again be provided with annual year-end evaluations.

(l) The performance evaluation system shall provide that, if a teacher who is not in a probationary period prescribed by section 1 of article II of 1937 (Ex Sess) PA 4, MCL 38.81, is rated as ineffective on an annual year-end evaluation, the teacher may request a review of the evaluation and the rating by the school district superintendent, intermediate superintendent, or chief administrator of the public school academy, as applicable. The request for a review must be submitted in writing within 20 days after the teacher is informed of the rating. Upon receipt of the request, the school district superintendent, intermediate superintendent, or chief administrator of the public school academy, as applicable, shall review the evaluation and rating and may make any modifications as appropriate based on his or her review. However, the performance evaluation system shall not allow for a review as described in this subdivision more than twice in a 3-school-year period.

(m) Beginning with the 2016-2017 school year, the school district, intermediate school district, or public school academy shall provide training to teachers on the evaluation tool or tools used by the school district, intermediate school district, or public school academy in its performance evaluation system and on how each evaluation tool is used. This training may be provided by a school district, intermediate school district, or public school academy, or by a consortium consisting of 2 or more of these.

(n) Beginning with the 2016-2017 school year, a school district, intermediate school district, or public school academy shall ensure that training is provided to all evaluators and observers. The training shall be provided by an individual who has expertise in the evaluation tool or tools used by the school district, intermediate school district, or public school academy, which may include either a consultant on that evaluation tool or framework or an individual who has been trained to train others in the use of the evaluation tool or tools. This subdivision does not prohibit a school district, intermediate school district, public school academy, or consortium consisting of 2 or more of these, from providing the training in the use of the evaluation tool or tools if the trainer has expertise in the evaluation tool or tools.

(3) Beginning with the 2016-2017 school year, a school district, intermediate school district, or public school academy shall post on its public website all of the following information about the evaluation tool or tools it uses for its performance evaluation system for teachers:

(a) The research base for the evaluation framework, instrument, and process or, if the school district, intermediate school district, or public school academy adapts or modifies an evaluation tool from the list under subsection (5), the research base for the listed evaluation tool and an assurance that the adaptations or modifications do not compromise the validity of that research base.

(b) The identity and qualifications of the author or authors or, if the school district, intermediate school district, or public school academy adapts or modifies an evaluation tool from the list under subsection (5), the identity and qualifications of a person with expertise in teacher evaluations who has reviewed the adapted or modified evaluation tool.

(c) Either evidence of reliability, validity, and efficacy or a plan for developing that evidence or, if the school district, intermediate school district, or public school academy adapts or modifies an evaluation tool from the list under subsection (5), an assurance that the adaptations or modifications do not compromise the reliability, validity, or efficacy of the evaluation tool or the evaluation process.

(d) The evaluation frameworks and rubrics with detailed descriptors for each performance level on key summative indicators.

(e) A description of the processes for conducting classroom observations, collecting evidence, conducting evaluation conferences, developing performance ratings, and developing performance improvement plans.

(f) A description of the plan for providing evaluators and observers with training.

(4) If a collective bargaining agreement was in effect for teachers or school administrators of a school district, public school academy, or intermediate school district as of July 19, 2011, if that same collective bargaining agreement is still in effect as of November 5, 2015, and if that collective bargaining agreement prevents compliance with subsection (1), then subsection (1) does not apply to that school district, public

school academy, or intermediate school district until after the expiration of that collective bargaining agreement.

(5) The department shall establish and maintain a list of teacher evaluation tools that have demonstrated evidence of efficacy and that may be used for the purposes of this section. That list initially shall include at least the evaluation models recommended in the final recommendations released by the Michigan council on educator effectiveness in July 2013. The list shall include a statement indicating that school districts, intermediate school districts, and public school academies are not limited to only using the evaluation tools that are included on the list. A school district, intermediate school district, or public school academy is not required to use an evaluation tool for teacher evaluations that is the same as it uses for school administrator evaluations or that has the same author or authors as the evaluation tool it uses for school administrator evaluations. The department shall promulgate rules establishing standards and procedures for adding an evaluation tool to or removing an evaluation tool from the list. These rules shall include a process for a school district, intermediate school district, or public school academy to submit its own evaluation tool for review for placement on the list.

(6) The training required under subsection (2) shall be paid for from the funds available in the educator evaluation reserve fund created under section 95a of the state school aid act, MCL 388.1695a.

(7) This section does not affect the operation or applicability of section 1248.

(8) As used in this section, "teacher" means an individual who has a valid Michigan teaching certificate or authorization; who is employed, or contracted for, by a school district, intermediate school district, or public school academy; and who is assigned by the school district, intermediate school district, or public school academy to deliver direct instruction to pupils in any of grades K to 12 as a teacher of record.

(2) Beginning with the 2018-2019 school year, if a school district, intermediate school district, or public school academy is unable to comply with subsection (1) and plans to assign a pupil to be taught in the same subject area for 2 consecutive years by a teacher who has been rated as ineffective on his or her 2 most recent annual year-end evaluations under section 1249, the board of the school district or intermediate school district or board of directors of the public school academy in which the pupil is enrolled shall notify the pupil's parent or legal guardian that the board or board of directors is unable to comply with subsection (1) and that the pupil has been assigned to be taught in the same subject area for a second consecutive year by a teacher who has been rated as ineffective on his or her 2 most recent annual year-end evaluations. 380.1249b Performance evaluation system for school administrators; requirements; posting information about measures used for performance evaluation; establishment and maintenance of list of school administrator evaluation tools; rules; training to be paid from educator evaluation reserve fund.

Sec. 1249b. (1) The board of a school district or intermediate school district or board of directors of a public school academy shall ensure that the performance evaluation system for building-level school administrators and for central-office-level school administrators who are regularly involved in instructional

matters meets all of the following:

(a) The performance evaluation system shall include at least an annual evaluation for all school administrators described in this subsection by the school district superintendent or his or her designee, intermediate superintendent or his or her designee, or chief administrator of the public school academy, as applicable. However, a superintendent or chief administrator shall be evaluated by the board or board of directors or, if the superintendent or chief administrator is not employed directly by the board or board of directors, by the designee of the board or board of directors.

(b) For the 2015-2016, 2016-2017, and 2017-2018 school years, 25% of the annual evaluation shall be based on student growth and assessment data. Beginning with the 2018-2019 school year, 40% of the annual evaluation shall be based on student growth and assessment data. The student growth and assessment data to be used for the school administrator annual evaluation are the aggregate student growth and assessment data that are used in teacher annual year-end evaluations in each school in which the school administrator works as an administrator or, for a central-office-level school administrator, for the entire school district or intermediate school district.

(c) For the purposes of conducting annual evaluations under the performance evaluation system, the school district, intermediate school district, or public school academy shall develop or adopt and implement an evaluation tool for school administrators. The portion of a school administrator's annual evaluation that is not based on student growth shall be based primarily on the school administrator's performance as measured by this evaluation tool.

(d) The portion of the annual evaluation that is not based on student growth and assessment data as provided under subdivision (b) or on an evaluation tool as provided under subdivision (c) shall be based on at least the following for each school in which the school administrator works as an administrator or, for a central-office-level school administrator, for the entire school district or intermediate school district:

(i) If the school administrator conducts teacher performance evaluations, the school administrator's proficiency in using the evaluation tool for teachers used by the school district, intermediate school district, or public school academy under section 1249. If the school administrator designates another person to conduct teacher performance evaluations, the evaluation of the school administrator on this factor shall be based on the designee's proficiency in using the evaluation tool for teachers used by the school district, intermediate school district, or public school academy under section 1249, with the designee's performance to be counted as if it were the school administrator personally conducting the teacher performance evaluations.

(ii) The progress made by the school or school district in meeting the goals set forth in the school's school improvement plan or the school district's school improvement plans.

(iii) Pupil attendance in the school or school district.

(iv) Student, parent, and teacher feedback, as available, and other information considered pertinent by the superintendent or other school administrator conducting the performance evaluation or the board or board of directors.

(e) For the purposes of conducting annual evaluations under the performance evaluation system, by the beginning of the 2016-2017 school year, the school district, intermediate school district, or public school academy shall adopt and implement 1 or more of the evaluation tools for school administrators that are included on the list under subsection (3). However, if a school district, intermediate school district, or public school academy has 1 or more local evaluation tools for school administrators or modifications of an evaluation tool on the list under subsection (3), and the school district, intermediate school district, or public school academy complies with subsection (2), the school district, intermediate school district, or public school academy may conduct annual year-end evaluations for school administrators using 1 or more local evaluation tools or modifications.

(f) The evaluation tool and other measures used by the school district, intermediate school district, or public school academy in its performance evaluation system for school administrators shall be used consistently across the schools operated by a school district, intermediate school district, or public school academy so that all similarly situated school administrators are evaluated using the same measures.

(g) The performance evaluation system shall assign an effectiveness rating to each school administrator described in this subsection of highly effective, effective, minimally effective, or ineffective.

(h) The performance evaluation system shall ensure that if a school administrator described in this subsection is rated as minimally effective or ineffective, the person or persons conducting the evaluation shall develop and require the school administrator to implement an improvement plan to correct the deficiencies. The improvement plan shall recommend professional development opportunities and other actions designed to improve the rating of the school administrator on his or her next annual evaluation.

(i) The performance evaluation system shall provide that, if a school administrator described in this subsection is rated as ineffective on 3 consecutive annual evaluations, the school district, public school

academy, or intermediate school district shall dismiss the school administrator from his or her employment. This subdivision does not affect the ability of a school district, intermediate school district, or public school academy to dismiss a school administrator from his or her employment regardless of whether the school administrator is rated as ineffective on 3 consecutive annual evaluations.

(j) The performance evaluation system shall provide that, if a school administrator is rated as highly effective on 3 consecutive annual evaluations, the school district, intermediate school district, or public school academy may choose to conduct an evaluation biennially instead of annually. However, if a school administrator is not rated as highly effective on 1 of these biennial evaluations, the school administrator shall again be provided with annual evaluations.

(k) The school district, intermediate school district, or public school academy shall provide training to school administrators on the measures used by the school district, intermediate school district, or public school academy in its performance evaluation system for school administrators and on how each of the measures is used. This training may be provided by a school district, intermediate school district, or public school academy, or by a consortium consisting of 2 or more of these.

(l) Beginning with the 2016-2017 school year, a school district, intermediate school district, or public school academy shall ensure that training is provided to all evaluators and observers. The training shall be provided by an individual who has expertise in the evaluation tool or tools used by the school district, intermediate school district, or public school academy, which may include either a consultant on that evaluation tool or framework or an individual who has been trained to train others in the use of the evaluation tool or tools. This subdivision does not prohibit a school district, intermediate school district, public school academy, or consortium consisting of 2 or more of these, from providing the training in the use of the evaluation tool or tools if the trainer has expertise in the evaluation tool or tools.

(2) Beginning with the 2016-2017 school year, a school district, intermediate school district, or public school academy shall post on its public website all of the following information about the measures it uses for its performance evaluation system for school administrators:

(a) The research base for the evaluation framework, instrument, and process or, if the school district, intermediate school district, or public school academy adapts or modifies an evaluation tool from the list under subsection (3), the research base for the listed evaluation tool and an assurance that the adaptations or modifications do not compromise the validity of that research base.

(b) The identity and qualifications of the author or authors or, if the school district, intermediate school district, or public school academy adapts or modifies an evaluation tool from the list under subsection (3), the identity and qualifications of a person with expertise in teacher evaluations who has reviewed the adapted or modified evaluation tool.

(c) Either evidence of reliability, validity, and efficacy or a plan for developing that evidence or, if the school district, intermediate school district, or public school academy adapts or modifies an evaluation tool from the list under subsection (3), an assurance that the adaptations or modifications do not compromise the reliability, validity, or efficacy of the evaluation tool or the evaluation process.

(d) The evaluation frameworks and rubrics, with detailed descriptors for each performance level on key summative indicators.

(e) A description of the processes for collecting evidence, conducting evaluation conferences, developing performance ratings, and developing performance improvement plans.

(f) A description of the plan for providing evaluators and observers with training.

(3) The department shall establish and maintain a list of school administrator evaluation tools that have demonstrated evidence of efficacy and that may be used for the purposes of this section. That list initially shall include at least the 2 evaluation models recommended in the final recommendations released by the Michigan council on educator effectiveness in July 2013. The list shall include a statement indicating that school districts, intermediate school districts, and public school academies are not limited to only using the evaluation tools that are included on the list. A school district, intermediate school district, or public school academy is not required to use an evaluation tool for school administrator evaluations that is the same as it uses for teacher evaluations or that has the same author or authors as the evaluation tool it uses for teacher evaluations. The department shall promulgate rules establishing standards and procedures for adding an evaluation tool to or removing an evaluation tool from the list. These rules shall include a process for a school district, intermediate school district, or public school academy to submit its own evaluation tool for review for placement on the list.

(4) The training required under subsection (1) shall be paid for from the funds available in the educator evaluation reserve fund created under section 95a of the state school aid act, MCL 388.1695a.

(a) For a teacher with a secondary level teaching certificate who has a subject area endorsement and who teaches in that subject area, an advanced degree achieved in that subject area may be considered as a factor in the teacher's base compensation.

380.1263 Building schools; requirements; compliance; review and approval; submission of site plan to local zoning authority; "high school building" and "local zoning authority" defined.

Sec. 1263. (1) The board of a school district shall not build a school upon a site without having prior title in fee to the site, a lease for not less than 99 years, or a lease for not less than 50 years from the United States government, or this state, or a political subdivision of this state.

(2) The board of a school district shall not build a frame school on a site for which it does not have a title in fee or a lease for 50 years without securing the privilege of removing the school.

(3) The governing board of a public school shall not design or build a school building to be used for instructional or noninstructional school purposes or design and implement the design for a school site unless the design or construction is in compliance with 1937 PA 306, MCL 388.851 to 388.855a. The superintendent of public instruction has sole and exclusive jurisdiction over the review and approval of plans and specifications for the construction, reconstruction, or remodeling of school buildings used for instructional or noninstructional school purposes and, subject to subsection (4), of site plans for those school buildings.

(4) Unless the site is located within a city or village, the governing board of a public school shall not build or expand a high school building on a site without first submitting the site plan to the local zoning authority for administrative review as provided under this subsection. Not later than 60 days after receiving the site plan, the local zoning authority shall respond to the governing board with either a written notice that the local zoning authority concurs with the site plan or with written suggested changes to the site plan. If the local zoning authority does not respond to the governing board with either of these options, the governing board shall be considered to have received a written notice of concurrence from the local zoning authority. If there are written suggested changes, then not later than 45 days after receiving the written suggested changes, the governing board shall respond to the local zoning authority with a revised site plan that incorporates the

changes or with an explanation of why the changes are not being made. This subsection applies to expansion of a high school building only if the expansion will result in the square footage of the high school building being increased by at least 20%. This subsection does not apply to temporary structures or facilities that are necessary due to unexpected enrollment increases and that are used for not more than 2 years.

(5) If mutually agreed by the governing board and the local zoning authority, the time periods in subsection (4) may be extended.

(6) The communication required under subsection (4) between a governing board and a local zoning authority is for informational purposes only and does not require the governing board to make any changes in its site plan. Once the process prescribed under subsection (4) is complete, this section does not require any further interaction between the governing board and a local zoning authority.

(7) A local zoning authority shall not charge a governing board a fee for the process prescribed under subsection (4) that exceeds \$250.00 for an administrative review or \$1,500.00 for total costs incurred by a local zoning authority under subsection (4) for the specific project involved.

(8) As used in this section:

Sec. 1267. (1) Before commencing construction of a new school building, or addition to or repair or renovation of an existing school building, except repair in emergency situations, the board of a school district or intermediate school district or board of directors of a public school academy, shall obtain competitive bids on all the material and labor required for the complete construction of a proposed new building or addition to or repair or renovation of an existing school building.

(2) The board, intermediate school board, or board of directors shall advertise for the bids required under subsection (1) by placing an advertisement for bids at least once in a newspaper of general circulation in the area where the building or addition is to be constructed or where the repair or renovation of an existing building is to take place and by posting an advertisement for bids for at least 2 weeks on the department of management and budget website on a page on the website maintained for this purpose or on a website maintained by a school organization and designated by the department of management and budget for this purpose. If the department of management and budget designates a school organization website for this purpose, the department of management and budget shall indicate this fact on its website and include a link on its website to the school organization website.

(3) The advertisement for bids shall do all of the following:

(a) Specify the date and time by which all bids must be received by the board, intermediate school board, or board of directors.

(b) State that the board, intermediate school board, or board of directors will not consider or accept a bid received by the board, intermediate school board, or board of directors after the date and time specified for

bid submission.

(c) Identify the time, date, and place of a public meeting at which the board, intermediate school board, or board of directors or its designee will open and read aloud each bid received by the board, intermediate school board, or board of directors by the date and time specified in subdivision (a).

(d) State that the bid shall be accompanied by a sworn and notarized statement disclosing any familial relationship that exists between the owner or any employee of the bidder and any member of the board, intermediate school board, or board of directors or the superintendent of the school district, intermediate superintendent of the intermediate school district, or chief executive officer of the public school academy. A board, intermediate school board, or board of directors shall not accept a bid that does not include this sworn and notarized disclosure statement.

(4) The board, intermediate school board, or board of directors shall require each bidder for a contract under this section to file with the board, intermediate school board, or board of directors security in an amount not less than 1/20 of the amount of the bid conditioned to secure the school district from loss or damage by reason of the withdrawal of the bid or by the failure of the bidder to enter a contract for performance, if the bid is accepted by the board, intermediate school board, or board of directors.

(5) The board, intermediate school board, or board of directors shall not open, consider, or accept a bid that the board, intermediate school board, or board of directors receives after the date and time specified for bid submission in the advertisement for bids described in subsection (3).

(6) At a public meeting identified in the advertisement for bids described in subsection (3), the board, intermediate school board, or board of directors or its designee shall open and read aloud each bid that the board, intermediate school board, or board of directors received at or before the time and date for bid submission specified in the advertisement for bids. The board, intermediate school board, or board of directors may reject any or all bids, and if all bids are rejected, shall readvertise in the manner required by this section.

(7) The board of a school district or intermediate school district or board of directors of a public school academy may adopt and implement a local policy that gives a preference to a Michigan-based business in awarding a contract under this section. The policy may provide for a preference based on the status of the primary contractor as a Michigan-based business or based on the status of 1 or more subcontractors of the primary contractor as Michigan-based businesses, or both. A policy adopted under this subsection shall be consistent with federal statutes and regulations and shall not be applied to a contract that is to be paid with federal funds. Upon request by a school district, intermediate school district, or public school academy that has adopted and implemented a policy described in this subsection, the department of treasury shall disclose to that school district, intermediate school district, or public school academy verifying information as described in section 268(3) of the management and budget act, 1984 PA 431, MCL 18.1268. The adoption, implementation, or application of a policy described in this subsection, or a decision not to adopt, implement, or apply such a policy, does not create a cause of action.

(8) This section does not apply to buildings, renovations, or repairs costing less than \$20,959.00 or to repair work normally performed by school district, intermediate school board, or public school academy employees. The state board model core academic curriculum content standards shall encompass academic and cognitive instruction only. For purposes of this section, the state board model core academic curriculum content standards shall not include attitudes, beliefs, or value systems that are not essential in the legal, economic, and social structure of our society and to the personal and social responsibility of citizens of our society.

(2) Recommended model core academic curriculum content standards shall be developed and periodically updated by the state board, shall be in the form of knowledge and skill content standards that are recommended as state standards for adoption by public schools in local curriculum formulation and adoption, and shall be distributed to each school district in the state. The recommended model core academic curriculum content standards shall set forth desired learning objectives in math, science, reading, history, geography, economics, American government, and writing for all children at each stage of schooling and be based upon the "Michigan K-12 Program Standards of Quality" to ensure that high academic standards, academic skills, and academic subject matters are built into the instructional goals of all school districts for all children. The state board shall ensure that the recommended model core academic curriculum content standards for history for grades 8 to 12 include learning objectives concerning genocide, including, but not limited to, the Holocaust and the Armenian Genocide. The state board also shall ensure that the state assessment program and the Michigan merit examination are based on the state recommended model core curriculum content standards, are testing only for proficiency in basic and advanced academic skills and academic subject matter, and are not used to measure pupils' values or attitudes.

(3) The board of each school district, considering academic curricular objectives defined and recommended pursuant to subsection (2), shall do both of the following:

(a) Establish a core academic curriculum for its pupils at the elementary, middle, and secondary school levels. The core academic curriculum shall define academic objectives to be achieved by all pupils and shall be based upon the school district's educational mission, long-range pupil goals, and pupil performance objectives. The core academic curriculum may vary from the model core academic curriculum content standards recommended by the state board pursuant to subsection (2).

(b) After consulting with teachers and school building administrators, determine the aligned instructional program for delivering the core academic curriculum and identify the courses and programs in which the core academic curriculum will be taught.

(4) The board may supplement the core academic curriculum by providing instruction through additional classes and programs.

(5) For all pupils, the subjects or courses, and the delivery of those including special assistance, that constitute the curriculum the pupils engage in shall assure the pupils have a realistic opportunity to learn all subjects and courses required by the district's core academic curriculum. A subject or course required by the core academic curriculum pursuant to subsection (3) shall be provided to all pupils in the school district by a school district, a consortium of school districts, or a consortium of 1 or more school districts and 1 or more intermediate school districts.

(6) To the extent practicable, the state board may adopt or develop academic objective-oriented high

standards for knowledge and life skills, and a recommended core academic curriculum, for special education pupils for whom it may not be realistic or desirable to expect achievement of initial mastery of the state board recommended model core academic content standards objectives or of a high school diploma.

(7) The state board shall make available to all nonpublic schools in this state, as a resource for their consideration, the model core academic curriculum content standards developed for public schools pursuant to subsection (2) for the purpose of assisting the governing body of a nonpublic school in developing its core academic curriculum.

(8) Excluding special education pupils, pupils having a learning disability, and pupils with extenuating circumstances as determined by school officials, a pupil who does not score satisfactorily on the fourth or seventh grade state assessment program reading test shall be provided special assistance reasonably expected to enable the pupil to bring his or her reading skills to grade level within 12 months.

(9) Any course that would have been considered a nonessential elective course under Snyder v Charlotte School Dist, 421 Mich 517 (1984), on April 13, 1990 shall continue to be offered to resident pupils of nonpublic schools on a shared time basis.

(10) As used in this section, "Armenian Genocide", "genocide", and "Holocaust" mean those terms as defined in section 1168.

380.1278a Requirements for high school diploma.

Sec. 1278a. (1) Except as otherwise provided in this section or section 1278b, beginning with pupils entering grade 8 in 2006, the board of a school district or board of directors of a public school academy shall not award a high school diploma to a pupil unless the pupil meets all of the following:

(a) Has successfully completed all of the following credit requirements of the Michigan merit standard before graduating from high school:

(i) At least 4 credits in mathematics that are aligned with subject area content expectations developed by the department and approved by the state board under section 1278b, including completion of at least algebra I, geometry, and algebra II, or an integrated sequence of this course content that consists of 3 credits, and an additional mathematics credit, such as trigonometry, statistics, precalculus, calculus, applied math, accounting, business math, a retake of algebra II, or a course in financial literacy as described in section 1165. A pupil may complete algebra II over 2 years with 2 credits awarded or over 1.5 years with 1.5 credits awarded for the purposes of this section and section 1278b. A pupil also may partially or fully fulfill the algebra II requirement by completing a department-approved formal career and technical education program or curriculum, such as a program or curriculum in electronics, machining, construction, welding, engineering, computer science, or renewable energy, and in that program or curriculum successfully completing the same content as the algebra II benchmarks assessed on the department-prescribed state high school assessment, as determined by the department. The department shall post on its website guidelines for implementation of the immediately preceding sentence. Each pupil must successfully complete at least 1 mathematics course during his or her final year of high school enrollment. This subparagraph does not require completion of mathematics courses in any particular sequence.

(ii) At least 3 credits in social science that are aligned with subject area content expectations developed by the department and approved by the state board under section 1278b, including completion of at least 1 credit in United States history and geography, 1 credit in world history and geography, 1/2 credit in economics, and the civics course described in section 1166(2). The 1/2-credit economics requirement may be satisfied by completion of at least a 1/2-credit course in personal economics that includes a financial literacy component as described in section 1165, if that course covers the subject area content expectations for economics developed by the department and approved by the state board under section 1278b.

(iii) At least 1 credit in subject matter that includes both health and physical education aligned with guidelines developed by the department and approved by the state board under section 1278b, or at least 1/2 credit in health aligned with guidelines developed by the department and approved by the state board under section 1278b and at least 1/2 credit awarded by the school district or public school academy for approved participation in extracurricular athletics or other extracurricular activities involving physical activity.

(iv) At least 1 credit in visual arts, performing arts, or applied arts, as defined by the department, that is aligned with guidelines developed by the department and approved by the state board under section 1278b. A school district or public school academy is strongly encouraged to offer visual arts and performing arts courses.

(v) The credit requirements specified in section 1278b(1).

(b) Meets the online course or learning experience requirement of this subsection. A school district or public school academy shall provide the basic level of technology and internet access required by the state board to complete the online course or learning experience. For a pupil to meet this requirement, the pupil shall meet either of the following, as determined by the school district or public school academy:

(i) Has successfully completed at least 1 course or learning experience that is presented online, as defined by the department.

(ii) The pupil's school district or public school academy has integrated an online experience throughout the high school curriculum by ensuring that each teacher of each course that provides the required credits of the Michigan merit curriculum has integrated an online experience into the course.

(2) In addition to the requirements under subsection (1), beginning with pupils entering grade 3 in 2006, the board of a school district or board of directors of a public school academy shall not award a high school diploma to a pupil unless the pupil has successfully completed during grades K to 12 at least 2 credits that are grade-appropriate in a language other than English or course work or other learning experiences that are substantially equivalent to 2 credits in a language other than English, based on guidelines developed by the department. For pupils who graduate from high school in 2016, 2017, 2018, 2019, 2020, or 2021 only, a pupil may partially or fully fulfill 1 credit of this requirement by completing a department-approved formal career and technical education program or curriculum or by completing visual or performing arts instruction that is in addition to the requirements under subsection (1)(a)(iv). The board of a school district or board of directors of a public school academy is strongly encouraged to ensure that all pupils complete at least 1 credit in a language other than English in grades K to 6. For the purposes of this subsection, all of the following apply:

(a) American sign language is considered to be a language other than English.

(b) The pupil may meet all or part of this requirement with online course work.

(3) The requirements under this section and section 1278b for a high school diploma are in addition to any local requirements imposed by the board of a school district or board of directors of a public school academy. The board of a school district or board of directors of a public school academy, as a local requirement for a high school diploma, may require a pupil to complete the Michigan merit examination under section 1279g or may require a pupil to participate in the MIAccess assessments if appropriate for the pupil.

(4) For the purposes of this section and section 1278b, all of the following apply:

(a) A pupil is considered to have completed a credit if the pupil successfully completes the subject area content expectations or guidelines developed by the department that apply to the credit. For a career and technical education credit, a school district or public school academy may supplement those content expectations and guidelines with additional guidelines developed by the school district or public school academy.

(b) A school district or public school academy shall base its determination of whether a pupil has successfully completed the subject area content expectations or guidelines developed by the department that apply to a credit at least in part on the pupil's performance on the assessments developed or selected by the department under section 1278b or on 1 or more assessments developed or selected by the school district or public school academy that measure a pupil's understanding of the subject area content expectations or guidelines that apply to the credit.

(c) A school district or public school academy shall also grant a pupil a credit if the pupil earns a qualifying score, as determined by the department, on the assessments developed or selected for the subject area by the department under section 1278b or the pupil earns a qualifying score, as determined by the school district or public school academy, on 1 or more assessments developed or selected by the school district or public school academy that measure a pupil's understanding of the subject area content expectations or guidelines that apply to the credit.

(5) If a high school is designated by the superintendent of public instruction as a specialty school and the high school meets the requirements of subsection (6), then the pupils of the high school are not required to successfully complete the 4 credits in English language arts required under section 1278b(1)(a) or the 3 credits in social science required under subsection (1)(a)(ii) and the school district or public school academy is not required to ensure that each pupil is offered the curriculum necessary for meeting those English language arts or social science credit requirements. The superintendent of public instruction may designate up to 15 high schools that meet the requirements of this subsection as specialty schools. Subject to this maximum number, the superintendent of public instruction shall designate a high school as a specialty school if the superintendent of public instruction finds that the high school meets all of the following criteria:

(a) The high school incorporates a significant reading and writing component throughout its curriculum.

(b) The high school uses a specialized, innovative, and rigorous curriculum in such areas as performing arts, foreign language, extensive use of internships, or other learning innovations that conform to pioneering innovations among other leading national or international high schools.

(6) A high school that is designated by the superintendent of public instruction as a specialty school under subsection (5) is only exempt from requirements as described under subsection (5) as long as the superintendent of public instruction finds that the high school continues to meet all of the following requirements:

(a) The high school clearly states to prospective pupils and their parents that it does not meet the requirements of the Michigan merit standard under this section and section 1278b but is a designated specialty school that is exempt from some of those requirements and that a pupil who enrolls in the high school and subsequently transfers to a high school that is not a specialty school meeting the requirements of this subsection will be required to comply with the requirements of the Michigan merit standard under this section and section 1278b.

(b) For the most recent year for which the data are available, the mean scores on both the mathematics and science portions of the ACT examination for the pupils of the high school exceed by at least 10% the mean scores on the mathematics and science portions of the ACT examination for the pupils of the school district in which the greatest number of the pupils of the high school reside.

(c) For the most recent year for which the data are available, the high school had a graduation rate of at least 85%, as determined by the department.

(d) For the most recent year for which the data are available, at least 75% of the pupils who graduated from the high school the preceding year are enrolled in a postsecondary institution.

(e) All pupils of the high school are required to meet the mathematics credit requirements of subsection (1)(a)(i), with no modification of these requirements under section 1278b(5), and each pupil is offered the curriculum necessary to meet this requirement.

(f) All pupils of the high school are required to meet the science credit requirements of section 1278b(1)(b) and are also required to successfully complete at least 1 additional science credit, for a total of at least 4 science credits, with no modification of these requirements under section 1278b(5), and each pupil is offered the curriculum necessary to meet this requirement.

380.1278b Award of high school diploma; credit requirements; personal curriculum; annual report.

Sec. 1278b. (1) Except as otherwise provided in this section or section 1278a, beginning with pupils entering grade 8 in 2006, as part of the requirements under section 1278a the board of a school district or board of directors of a public school academy shall not award a high school diploma to a pupil unless the pupil has successfully completed all of the following credit requirements of the Michigan merit standard before graduating from high school:

(a) At least 4 credits in English language arts that are aligned with subject area content expectations developed by the department and approved by the state board under this section.

(b) At least 3 credits in science that are aligned with subject area content expectations developed by the department and approved by the state board under this section, including completion of at least biology and either chemistry, physics, anatomy, or agricultural science, or successfully completing a program or curriculum that provides the same content as the chemistry or physics benchmarks, as determined by the department. A student may fulfill the requirement for the third science credit by completing a department-approved computer science program or curriculum or formal career and technical education program or curriculum. The legislature strongly encourages pupils to complete a fourth credit in science, such as forensics, astronomy, Earth science, agricultural science, environmental science, geology, physics, chemistry, physiology, or microbiology.

(c) The credit requirements specified in section 1278a(1)(a)(i) to (iv).

(2) If a pupil successfully completes 1 or more of the high school credits required under subsection (1) or under section 1278a(1) before entering high school, the pupil shall be given high school credit for that credit.

(3) For the purposes of this section and section 1278a, the department shall do all of the following:

(a) Develop subject area content expectations that apply to the credit requirements of the Michigan merit standard that are required under subsection (1)(a) and (b) and section 1278a(1)(a)(i) and (ii) and develop guidelines for the remaining credit requirements of the Michigan merit standard that are required under this section and section 1278a(1)(a), for the online course or learning experience required under section

1278a(1)(b), and for the requirements for a language other than English under section 1278a(2). All of the following apply to these subject area content expectations and guidelines:

(i) All subject area content expectations shall be consistent with the state board recommended model core academic curriculum content standards under section 1278. Subject area content expectations or guidelines shall not include attitudes, beliefs, or value systems that are not essential in the legal, economic, and social structure of our society and to the personal and social responsibility of citizens of our society. The subject area content expectations shall require pupils to demonstrate critical thinking skills.

(ii) The subject area content expectations and the guidelines must be approved by the state board under subsection (4).

(iii) The subject area content expectations shall state in clear and measurable terms what pupils are expected to know upon completion of each credit.

(iv) The department shall complete the development of the subject area content expectations that apply to algebra I and the guidelines for the online course or learning experience under section 1278a(1)(b) not later than August 1, 2006.

(v) The department shall complete development of the subject area content expectations or guidelines that apply to each of the other credits required in the Michigan merit standard under subsection (1) and section 1278a(1)(a) not later than 1 year before the beginning of the school year in which a pupil entering high school in 2007 would normally be expected to complete the credit.

(vi) If the department has not completed development of the subject area content expectations that apply to a particular credit required in the Michigan merit standard under subsection (1) or section 1278a(1)(a) by the date required under this subdivision, a school district or public school academy may align the content of the credit with locally adopted standards.

(vii) Until all of the subject area content expectations and guidelines have been developed by the department and approved by the state board, the department shall submit a report at least every 6 months to the senate and house standing committees responsible for education legislation on the status of the development of the subject area content expectations and guidelines. The report shall detail any failure by the department to meet a deadline established under subparagraph (iv) or (v) and the reasons for that failure.

(b) Develop and implement a process for developing the subject area content expectations and guidelines required under this section. This process shall provide for all of the following:

(i) Soliciting input from all of the following groups:

(A) Recognized experts in the relevant subject areas.

(B) Representatives from 4-year colleges or universities, community colleges, and other postsecondary institutions.

(C) Teachers, administrators, and school personnel who have specialized knowledge of the subject area.

(D) Representatives from the business community.

(E) Representatives from vocational and career and technical education providers.

(F) Government officials, including officials from the legislature.

(G) Parents of public school pupils.

(ii) A review of the subject area content expectations or guidelines by national experts.

(iii) An opportunity for the public to review and provide input on the proposed subject area content expectations or guidelines before they are submitted to the state board for approval. The time period allowed for this review and input shall be at least 15 business days.

(c) Determine the basic level of technology and internet access required for pupils to complete the online course or learning experience requirement of section 1278a(1)(b), and submit that determination to the state board for approval.

(d) Develop and make available material to assist school districts and public school academies in implementing the requirements of this section and section 1278a. This shall include developing guidelines for alternative instructional delivery methods as described in subsection (7).

(4) The state board shall approve subject area content expectations and guidelines developed by the department under subsection (3) before those subject area content expectations and guidelines may take effect. The state board also shall approve the basic level of technology and internet access required for pupils to complete the online course or learning experience requirement of section 1278a(1)(b).

(5) The parent or legal guardian of a pupil who has completed grade 9, a teacher who is currently teaching the pupil, who currently teaches in or whose expertise is in a subject area proposed to be modified by the personal curriculum, or who is determined by the principal to have qualifications otherwise relevant to developing a personal curriculum, or a school counselor or school employee qualified to act in a counseling role under section 1233 or 1233a may request a personal curriculum under this subsection for the pupil that modifies certain of the Michigan merit standard requirements under subsection (1) or section 1278a(1)(a). If

the request for a personal curriculum is made by the pupil's parent or legal guardian or, if the pupil is at least age 18 or is an emancipated minor, by the pupil, the school district or public school academy shall develop a personal curriculum for the pupil. A teacher, school counselor, or school employee qualified to act in a counseling role under section 1233 or 1233a may contact a pupil's parent or legal guardian to discuss the possibility and potential benefits of a personal curriculum under this subsection for the pupil. If all of the requirements under this subsection for completing a personal curriculum are met, then the board of a school district or board of directors of a public school academy may award a high school diploma to a pupil who successfully completes his or her personal curriculum even if it does not meet the requirements of the Michigan merit standard required under subsection (1) and section 1278a(1)(a). All of the following apply to a personal curriculum:

(a) The personal curriculum shall be developed by a group that includes at least the pupil, at least 1 of the pupil's parents or the pupil's legal guardian, and a teacher described in this subdivision or the pupil's high school counselor or another designee qualified to act in a counseling role under section 1233 or 1233a selected by the high school principal. In addition, for a pupil who receives special education services, a school psychologist should also be included in this group. The teacher included in the group developing the personal curriculum shall be a teacher who is currently teaching the pupil, who currently teaches in or whose expertise is in a subject area being modified by the personal curriculum, or who is determined by the principal to have qualifications otherwise relevant to the group. This subdivision does not require an in-person meeting of the group.

(b) The personal curriculum shall incorporate as much of the subject area content expectations of the Michigan merit standard required under subsection (1) and section 1278a(1)(a) as is practicable for the pupil; shall establish measurable goals that the pupil must achieve while enrolled in high school and shall provide a method to evaluate whether the pupil achieved these goals; and shall be aligned with the pupil's educational development plan developed under subsection (11).

(c) Before it takes effect, the personal curriculum must be agreed to by the pupil's parent or legal guardian and by the superintendent of the school district or chief executive of the public school academy or his or her designee.

(d) The pupil's parent or legal guardian shall be in communication with each of the pupil's teachers to monitor the pupil's progress toward the goals contained in the pupil's personal curriculum.

(e) Revisions may be made in the personal curriculum if the revisions are developed and agreed to in the same manner as the original personal curriculum.

(f) The English language arts credit requirements of subsection (1)(a) and the science credit requirements of subsection (1)(b) are not subject to modification as part of a personal curriculum under this subsection.

(g) The mathematics credit requirements of section 1278a(1)(a)(i) may be modified as part of a personal curriculum if the pupil successfully completes at least 3-1/2 total credits of the mathematics credits required under that section before completing high school, including algebra I and geometry, and successfully completes at least 1 mathematics credit during his or her final 2 years of high school. The algebra II credit required under that section may be modified as part of a personal curriculum under this subsection if the pupil meets 1 or more of the following:

(i) Successfully completes the same content as 1 semester of algebra II, as determined by the department.

(ii) Elects to complete the same content as algebra II over 2 years, with a credit awarded for each of those 2 years, and successfully completes that content.

(iii) Enrolls in a formal career and technical education program or curriculum and in that program or curriculum successfully completes the same content as the algebra II benchmarks assessed on the department-prescribed state high school assessment, as determined by the department.

(iv) Successfully completes 1 semester of statistics, functions and data analysis, or technical mathematics.

(h) The social science credit requirements of section 1278a(1)(a)(ii) may be modified as part of a personal curriculum only if all of the following are met:

(i) The pupil has successfully completed 2 credits of the social science credits required under section 1278a(1), including the civics course described in section 1166(2).

(ii) The modification requires the pupil to complete 1 additional credit in English language arts, mathematics, or science or 1 additional credit in a language other than English, or requires the pupil to complete a formal career and technical education program. This additional credit must be in addition to the number of those credits otherwise required under subsection (1) and section 1278a(1) or under section 1278a(2).

(i) The health and physical education credit requirement under section 1278a(1)(a)(iii) may be modified as part of a personal curriculum only if the modification requires the pupil to complete 1 additional credit in English language arts, mathematics, or science or 1 additional credit in a language other than English, or

requires the pupil to complete a formal career and technical education program. This additional credit must be in addition to the number of those credits otherwise required under subsection (1) and section 1278a(1) or under section 1278a(2).

(j) The visual arts, performing arts, or applied arts credit requirement under section 1278a(1)(a)(iv) may be modified as part of a personal curriculum only if the modification requires the pupil to complete 1 additional credit in English language arts, mathematics, or science or 1 additional credit in a language other than English, or requires the pupil to complete a formal career and technical education program. This additional credit must be in addition to the number of those credits otherwise required under subsection (1) and section 1278a(1) or under section 1278a(2).

(k) If the parent or legal guardian of a pupil requests as part of the pupil's personal curriculum a modification of the Michigan merit standard requirements that would not otherwise be allowed under this section and demonstrates that the modification is necessary because the pupil is a child with a disability, the school district or public school academy may allow that additional modification to the extent necessary because of the pupil's disability if the group under subdivision (a) determines that the modification is consistent with both the pupil's educational development plan under subsection (11) and the pupil's individualized education program. If the superintendent of public instruction has reason to believe that a school district or a public school academy is allowing modifications inconsistent with the requirements of this subdivision, the superintendent of public instruction shall monitor the school district or public school academy to ensure that the school district's or public school academy's policies, procedures, and practices are in compliance with the requirements for additional modifications under this subdivision. As used in this subdivision, "child with a disability" means that term as defined in 20 USC 1401.

(l) If a pupil transfers to a school district or public school academy from out of state or from a nonpublic school, the pupil's parent or legal guardian may request, as part of the pupil's personal curriculum, a modification of the Michigan merit standard requirements that would not otherwise be allowed under this section. The school district or public school academy may allow this additional modification for a transfer pupil if all of the following are met:

(i) The transfer pupil has successfully completed at least the equivalent of 2 years of high school credit out of state or at a nonpublic school. The school district or public school academy may use appropriate assessment examinations to determine what credits, if any, the pupil has earned out of state or at a nonpublic school that may be used to satisfy the curricular requirements of the Michigan merit standard and this subdivision.

(ii) The transfer pupil's personal curriculum incorporates as much of the subject area content expectations of the Michigan merit standard as is practicable for the pupil.

(iii) The transfer pupil's personal curriculum requires the pupil to successfully complete at least 1 mathematics course during his or her final year of high school enrollment. In addition, if the transfer pupil is enrolled in the school district or public school academy for at least 1 full school year, both of the following apply:

(A) The transfer pupil's personal curriculum shall require that this mathematics course is at least algebra I.

(B) If the transfer pupil demonstrates that he or she has mastered the content of algebra I, the transfer pupil's personal curriculum shall require that this mathematics course is a course normally taken after completing algebra I.

(iv) The transfer pupil's personal curriculum includes the civics course described in section 1166(2).

(m) If a pupil is at least age 18 or is an emancipated minor, the pupil may act on his or her own behalf under this subsection.

(n) This subsection does not apply to a pupil enrolled in a high school that is designated as a specialty school under section 1278a(5) and that is exempt under that section from the English language arts requirement under subsection (1)(a) and the social science credit requirement under section 1278a(1)(a)(ii).

(o) The department or a school district or public school academy shall not limit or discourage the number of pupils with a personal curriculum on any basis other than the best interests of each individual pupil.

(p) A school district or public school academy annually shall notify each of its pupils and a parent or legal guardian of each of its pupils that all pupils are entitled to a personal curriculum under this subsection. The annual notice shall include an explanation of what a personal curriculum is and state that if a personal curriculum is requested, the public school or public school academy will grant that request. The school district or public school academy shall provide this annual notice to parents and legal guardians by sending a written notice to each pupil's home or by including the notice in a newsletter, student handbook, or similar communication that is sent to a pupil's home, and also shall post the notice on the school district's or public school academy's website.

(6) If a pupil receives special education services, the pupil's individualized education program, in

accordance with the individuals with disabilities education act, title VI of Public Law 91-230, shall identify the appropriate course or courses of study and identify the supports, accommodations, and modifications necessary to allow the pupil to progress in the curricular requirements of this section and section 1278a, or in a personal curriculum as provided under subsection (5), and meet the requirements for a high school diploma.

(7) The board of a school district or board of directors of a public school academy that operates a high school shall ensure that each pupil is offered the curriculum necessary for the pupil to meet the curricular requirements of this section and section 1278a. The board or board of directors may provide this curriculum by providing the credits specified in this section and section 1278a, by using alternative instructional delivery methods such as alternative course work, humanities course sequences, career and technical education, industrial technology courses, or vocational education, or by a combination of these. School districts and public school academies that operate career and technical education programs are encouraged to integrate the credit requirements of this section and section 1278a into those programs.

(8) If the board of a school district or board of directors of a public school academy wants its high school to be accredited under section 1280, the board or board of directors shall ensure that all elements of the curriculum required under this section and section 1278a are made available to all affected pupils. If a school district or public school academy does not offer all of the required credits, the board of the school district or board of directors of the public school academy shall ensure that the pupil has access to the required credits by another means, such as enrollment in a postsecondary course under the postsecondary enrollment options act, 1996 PA 160, MCL 388.511 to 388.524; enrollment in an online course; a cooperative arrangement with a neighboring school district or with a public school academy; or granting approval under section 6(6) of the state school aid act of 1979, MCL 388.1606, for the pupil to be counted in membership in another school district.

(9) If a pupil is not successfully completing a credit required for graduation under this section and section 1278a, or is identified as being at risk of withdrawing from high school, then the pupil's school district or public school academy shall notify the pupil's parent or legal guardian or, if the pupil is at least age 18 or is an emancipated minor, the pupil, of the availability of tutoring or other supplemental educational support and counseling services that may be available to the pupil under existing state or federal programs, such as those programs or services available under section 31a of the state school aid act of 1979, MCL 388.1631a, or under the no child left behind act of 2001, Public Law 107-110.

(10) To the extent required by the no child left behind act of 2001, Public Law 107-110, the board of a school district or public school academy shall ensure that all components of the curricular requirements under this section and section 1278a are taught by highly qualified teachers. If a school district or public school academy demonstrates to the department that the school district or public school academy is unable to meet the requirements of this section because the school district or public school academy is unable to hire enough highly qualified teachers, the department shall work with the school district or public school academy to develop a plan to allow the school district or public school academy to hire enough highly qualified teachers to meet the requirements of this section.

(11) The board of a school district or board of directors of a public school academy shall provide the opportunity for each pupil to develop an educational development plan during grade 7, and shall ensure that each pupil reviews his or her educational development plan during grade 8 and revises it as appropriate before he or she begins high school. An educational development plan shall be developed, reviewed, and revised by the pupil under the supervision of the pupil's school counselor or another designee qualified to act in a counseling role under section 1233 or 1233a selected by the school principal and shall be based on high school readiness scores and a career pathways program or similar career exploration program. An educational development plan shall be designed to assist pupils to identify career development goals as they relate to academic requirements. During the process of developing and reviewing a pupil's educational development plan, the pupil shall be advised that many of the curricular requirements of this section and section 1278a may be fulfilled through career and technical education.

(12) Except as otherwise provided in this subsection, if a school district or public school academy is unable to implement all of the curricular requirements of this section and section 1278a for pupils entering grade 9 in 2007 or is unable to implement another requirement of this section or section 1278a, the school district or public school academy may apply to the department for permission to phase in 1 or more of the requirements of this section or section 1278a. To apply, the school district or public school academy shall submit a proposed phase-in plan to the department. The department shall approve a phase-in plan if the department determines that the plan will result in the school district or public school academy making satisfactory progress toward full implementation of the requirements of this section and section 1278a. If the department disapproves a proposed phase-in plan, the department shall work with the school district or public school academy to develop a satisfactory plan that may be approved. However, if legislation is enacted that adds

section 1290 to allow school districts and public school academies to apply for a contract that waives certain state or federal requirements, then this subsection does not apply but a school district or public school academy may take action as described in subsection (13). This subsection does not apply to a high school that is designated as a specialty school under section 1278a(5) and that is exempt under that section from the English language arts requirement under subsection (1)(a) and the social science credit requirement under section 1278a(1)(a)(ii).

(13) If a school district or public school academy does not offer all of the required credits or provide options to have access to the required credits as provided under subsection (8) and if legislation is enacted that adds section 1290 to allow school districts and public school academies to apply for a contract that waives certain state or federal requirements, then the school district or public school academy is encouraged to apply for a contract under section 1290. The purpose of a contract described in this subsection is to improve pupil performance.

(14) This section and section 1278a do not prohibit a pupil from satisfying or exceeding the credit requirements of the Michigan merit standard under this section and section 1278a through advanced studies such as accelerated course placement, advanced placement, dual enrollment in a postsecondary institution, or participation in the international baccalaureate program or an early college/middle college program.

(15) Not later than April 1 of each year, the department shall submit an annual report to the legislature that evaluates the overall success of the curriculum required under this section and section 1278a, the rigor and relevance of the course work required by the curriculum, the ability of public schools to implement the curriculum and the required course work, and the impact of the curriculum on pupil success, and that details any activities the department has undertaken to implement this section and section 1278a or to assist public schools in implementing the requirements of this section and section 1278a.

(b) Information highlighting and describing successful career and technical education programs being operated by school districts and intermediate school districts.

(c) A listing and description of the various types of career and technical education programs that are provided around this state and the subject areas and disciplines that are covered by these programs.

(e) The various ways in which school districts and public school academies have embedded the course content from credits required under the Michigan merit standard under sections 1278a and 1278b into career and technical education and other alternative instructional delivery methods in order to deliver the curricular requirements of sections 1278a and 1278b.

(2) As part of the process of developing an educational development plan under section 1278b, the board of a school district or board of directors of a public school academy shall ensure that pupils are provided with information about how they can fulfill the requirements of sections 1278a and 1278b with career and technical education or another program approved by the department.

(3) School districts, public school academies, and intermediate school districts are strongly encouraged to

380.1279 State assessments to high school pupils.

Sec. 1279. (1) Subject to subsection (13) and section 1279g, until the end of the 2005-2006 school year, the board of a school district or board of directors of a public school academy shall administer state assessments to high school pupils in the subject areas of English language arts, mathematics, science, and social studies. The board shall include on the pupil's high school transcript all of the following:

(a) For each high school graduate who has completed a subject area assessment under this section, the pupil's scaled score on the assessment.

(b) If the pupil's scaled score on a subject area assessment falls within the range required under subsection (2) for "exceeds expectations", "meets expectations", or "basic", an indication that the pupil has achieved state endorsement for that subject area.

(c) The number of school days the pupil was in attendance at school each school year during high school and the total number of school days in session for each of those school years.

(2) The superintendent of public instruction shall develop scaled scores for reporting subject area assessment results for each of the subject areas under this section. The superintendent of public instruction shall establish 4 categories for each subject area indicating exceeds expectations, meets expectations, basic, and below basic, and shall establish the scaled score range required for each category. The superintendent of public instruction shall design and distribute to school districts, intermediate school districts, public school academies, and nonpublic schools a simple and concise document that describes these categories in each subject area and indicates the scaled score ranges for each category in each subject area. A school district or public school academy may award a high school diploma to a pupil who successfully completes local school district or public school academy requirements established in accordance with state law for high school graduation, regardless of whether the pupil is eligible for any state endorsement.

(3) The assessments administered for the purposes of this section shall be administered to pupils during the last 90 school days of grade 11. The superintendent of public instruction shall ensure that the assessments are scored and the scores are returned to pupils, their parents or legal guardians, and school districts or public school academies not later than the beginning of the pupil's first semester of grade 12. The returned scores shall indicate the pupil's scaled score for each subject area assessment, the range of scaled scores for each subject area, and the range of scaled scores required for each category established under subsection (2). In reporting the scores to pupils, parents, and schools, the superintendent of public instruction shall provide specific, meaningful, and timely feedback on the pupil's performance on the assessment.

(4) Beginning with assessments conducted in the 2005-2006 school year, all of the following apply to the assessments under this section:

(a) The superintendent of public instruction shall ensure that any contractor used for scoring the assessment supplies an individual report for each pupil that will identify for the pupil's parents and teachers whether the pupil met expectations or failed to meet expectations for each standard, to allow the pupil's parents and teachers to assess and remedy problems before the pupil moves to the next grade.

(b) The superintendent of public instruction shall ensure that any contractor used for scoring, developing, or processing an assessment instrument meets quality management standards commonly used in the assessment industry, including at least meeting level 2 of the capability maturity model developed by the software engineering institute of Carnegie Mellon university for the 2005-2006 school year assessments and at least meeting level 3 of the capability maturity model for subsequent assessments.

(c) The superintendent of public instruction shall ensure that any contract it enters into for scoring, administering, or developing an assessment instrument includes specific deadlines for all steps of the assessment process, including, but not limited to, deadlines for the correct testing materials to be supplied to schools and for the correct results to be returned to schools, and includes penalties for noncompliance with these deadlines.

(d) The superintendent of public instruction shall ensure that the assessment instruments meet all of the following:

(i) Are designed to test pupils on grade level content expectations or course content expectations, as appropriate, in all subjects tested.

(ii) Comply with requirements of the no child left behind act of 2001, Public Law 107-110.

(iii) Are consistent with the code of fair testing practices in education prepared by the joint committee on testing practices of the American psychological association.

(iv) Are factually accurate. If the superintendent of public instruction determines that a question is not factually accurate and should be removed from an assessment instrument, the state board and the superintendent of public instruction shall ensure that the question is removed from the assessment instrument.

(5) For each pupil who does not achieve proficiency in 1 or more subject areas, the board of the school district or public school academy in which the pupil is enrolled shall provide that there be at least 1 meeting attended by at least the pupil and a member of the school district's or public school academy's staff or a local or intermediate school district consultant who is proficient in the measurement and evaluation of pupils. The school district or public school academy may provide the meeting as a group meeting for pupils in similar circumstances. If the pupil is a minor, the school district or public school academy shall invite and encourage the pupil's parent, legal guardian, or person in loco parentis to attend the meeting and shall mail a notice of the meeting to the pupil's parent, legal guardian, or person in loco parentis. The purpose of this meeting and any subsequent meeting under this subsection shall be to determine an educational program for the pupil designed to have the pupil achieve state endorsement in each subject area in which he or she did not achieve state endorsement. In addition, a school district or public school academy may provide for subsequent meetings with the pupil conducted by a high school counselor or teacher designated by the pupil's high school principal, and shall invite and encourage the pupil's parent, legal guardian, or person in loco parentis to attend the subsequent meetings. The school district or public school academy shall provide special programs for the pupil or develop a program using the educational programs regularly provided by the district unless the board of the school district or public school academy decides otherwise and publishes and explains its decision in a public justification report.

(6) A pupil who wants to repeat an assessment administered under this section may repeat the assessment, without charge to the pupil, in the next school year or after graduation. An individual may repeat an assessment at any time the school district or public school academy administers an applicable assessment instrument or during a retesting period under subsection (8).

(7) The superintendent of public instruction shall ensure that the length of the assessments used for the purposes of this section and the combined total time necessary to administer all of the assessments are the shortest possible that will still maintain the degree of reliability and validity of the assessment results determined necessary by the superintendent of public instruction. The superintendent of public instruction shall ensure that the maximum total combined length of time that schools are required to set aside for administration of all of the assessments used for the purposes of this section does not exceed 8 hours. However, this subsection does not limit the amount of time that individuals may have to complete the assessments.

(8) The superintendent of public instruction shall establish, schedule, and arrange periodic retesting periods throughout the year until the end of the 2006-2007 school year for individuals who desire to repeat an assessment under this section. The superintendent of public instruction shall coordinate the arrangements for administering the repeat assessments and shall ensure that the retesting is made available at least within each intermediate school district and, to the extent possible, within each school district.

(9) A school district or public school academy shall provide accommodations to a pupil with disabilities for the assessments required under this section, as provided under section 504 of title V of the rehabilitation act of 1973, 29 USC 794; subtitle A of title II of the Americans with disabilities act of 1990, 42 USC 12131 to 12134; the individuals with disabilities education act amendments of 1997, Public Law 105-17; and the implementing regulations for those statutes.

(10) For the purposes of this section, the superintendent of public instruction shall develop or select and approve assessment instruments to measure pupil performance in English language arts, mathematics, social studies, and science. The assessment instruments shall be based on grade level content expectations or course content expectations, as appropriate.

(11) All assessment instruments developed or selected and approved by the state under any statute or rule for a purpose related to K to 12 education shall be objective-oriented and consistent with grade level content expectations or course content expectations, as appropriate.

(12) Until the end of the 2006-2007 school year, a person who has graduated from high school after 1996 and who has not previously taken an assessment under this section may take an assessment used for the purposes of this section, without charge to the person, at the school district from which he or she graduated from high school at any time that school district administers the assessment or during a retesting period scheduled under subsection (8) and have his or her scaled score on the assessment included on his or her high school transcript. If the person's scaled score on a subject area assessment falls within the range required under subsection (2) for a category established under subsection (2), the school district shall also indicate on

the person's high school transcript that the person has achieved state endorsement for that subject area.

(13) Until the end of the 2006-2007 school year, a person who has previously taken an assessment under this section may take a retest on the assessment for the purposes of qualifying for a Michigan merit award under the Michigan merit award scholarship act, 1999 PA 94, MCL 390.1451 to 390.1459. The person may take the retest, without charge to the person, at the school district in which he or she is enrolled or resides or, if it is not available in that school district, at another location within the intermediate school district in which he or she resides, at a regular testing time scheduled for the assessment or during a retesting period scheduled under subsection (8).

(14) A child who is a student in a nonpublic school or home school may take an assessment under this section. To take an assessment, a child who is a student in a home school shall contact the school district in which the child resides, and that school district shall administer the assessment, or the child may take the assessment at a nonpublic school if allowed by the nonpublic school. Upon request from a nonpublic school, the superintendent of public instruction shall supply assessments and the nonpublic school may administer the assessment. If a school district administers an assessment under this subsection to a child who is not enrolled in the school district, the scores for that child are not considered for any purpose to be scores of a pupil of the school district.

(15) The purpose of the assessment under this section is to assess pupil performance in mathematics, science, social studies, and communication arts for the purpose of improving academic achievement and establishing a statewide standard of competency. The assessment under this section provides a common measure of data that will contribute to the improvement of Michigan schools' curriculum and instruction by encouraging alignment with Michigan's curriculum framework standards. These standards are based upon the expectations of what pupils should know and be able to do by the end of grade 11.

(16) As used in this section:

(a) "English language arts" means reading and writing.

(b) "Social studies" means United States history, world history, world geography, economics, and American government.

(1) The board of a school district or board of directors of a public school academy shall comply with this section and shall administer the Michigan merit examination to pupils in grade 11, and to pupils in grade 12 who did not take the complete Michigan merit examination in grade 11, as provided in this section.

(2) For the purposes of this section, the department of technology, management, and budget shall contract with 1 or more providers to develop, supply, and score the Michigan merit examination. The Michigan merit examination shall consist of all of the following:

(a) Assessment instruments that measure English language arts, mathematics, reading, and science and are used by colleges and universities in this state for entrance or placement purposes. (c) A social studies component.

(d) Any other component that is necessary to obtain the approval of the United States Department of Education to use the Michigan merit examination for the purposes of the no child left behind act of 2001, Public Law 107-110, or the every student succeeds act, Public Law 114-95.

(3) In addition to all other requirements of this section, all of the following apply to the Michigan merit examination:

(a) The department of technology, management, and budget and the superintendent of public instruction shall ensure that any contractor used for scoring the Michigan merit examination supplies an individual report for each pupil that will identify for the pupil's parents and teachers whether the pupil met expectations or failed to meet expectations for each standard, to allow the pupil's parents and teachers to assess and remedy problems before the pupil moves to the next grade.

(b) The department of technology, management, and budget and the superintendent of public instruction shall ensure that any contractor used for scoring, developing, or processing the Michigan merit examination meets quality management standards commonly used in the assessment industry, including at least meeting level 2 of the capability maturity model developed by the Software Engineering Institute of Carnegie Mellon University for the first year the Michigan merit examination is offered to all grade 11 pupils and at least meeting level 3 of the capability maturity model for subsequent years.

(c) The department of technology, management, and budget and the superintendent of public instruction shall ensure that any contract for scoring, administering, or developing the Michigan merit examination includes specific deadlines for all steps of the assessment process, including, but not limited to, deadlines for the correct testing materials to be supplied to schools and for the correct results to be returned to schools, and includes penalties for noncompliance with these deadlines.

(4) A school district or public school academy that operates a high school shall include on each pupil's high school transcript all of the following:

(a) For each high school graduate who has completed the Michigan merit examination under this section, the pupil's scaled score on each subject area component of the Michigan merit examination.

(b) The number of school days the pupil was in attendance at school each school year during high school and the total number of school days in session for each of those school years.

(5) The superintendent of public instruction shall work with the provider or providers of the Michigan merit examination to produce Michigan merit examination subject area scores for each pupil participating in the Michigan merit examination, including scaling and merging of test items for the different subject area components. The superintendent of public instruction shall design and distribute to school districts, public school academies, intermediate school districts, and nonpublic schools a simple and concise document that describes the scoring for each subject area and indicates the scaled score ranges for each subject area.

(6) The Michigan merit examination shall be administered each year after March 1 and before June 1 to pupils in grade 11. The superintendent of public instruction shall ensure that the Michigan merit examination is scored and the scores are returned to pupils, their parents or legal guardians, and schools not later than the beginning of the pupil's first semester of grade 12. The returned scores shall indicate at least the pupil's scaled score for each subject area component and the range of scaled scores for each subject area. In reporting the scores to pupils, parents, and schools, the superintendent of public instruction shall provide standards-specific, meaningful, and timely feedback on the pupil's performance on the Michigan merit examination.

(7) A school district or public school academy shall administer the complete Michigan merit examination to a pupil only once and shall not administer the complete Michigan merit examination to the same pupil more than once. If a pupil does not take the complete Michigan merit examination in grade 11, the school district or public school academy shall administer the complete Michigan merit examination to the pupil in grade 12. If a pupil chooses to retake the college entrance examination component of the Michigan merit examination, as described in subsection (2)(a), the pupil may do so through the provider of the college

- (c) The pupil has applied to the provider of the college entrance examination component for a scholarship or fee waiver to cover the cost of the retake and that application has been denied.
- (d) After taking the complete Michigan merit examination, the pupil has not already received a free retake of the college entrance examination component paid for either by this state or through a scholarship or fee waiver by the provider.
- (8) The superintendent of public instruction shall ensure that the length of the Michigan merit examination and the combined total time necessary to administer all of the components of the Michigan merit examination are the shortest possible that will still maintain the degree of reliability and validity of the Michigan merit examination results determined necessary by the superintendent of public instruction. The superintendent of public instruction shall ensure that the maximum total combined length of time that schools are required to set aside for pupils to answer all test questions on the Michigan merit examination does not exceed 8 hours if the superintendent of public instruction determines that sufficient alignment to applicable Michigan merit curriculum content standards can be achieved within that time limit.
- (9) A school district or public school academy shall provide accommodations to a pupil with disabilities for the Michigan merit examination, as provided under section 504 of title V of the rehabilitation act of 1973, 29 USC 794; subtitle A of title II of the Americans with disabilities act of 1990, 42 USC 12131 to 12134; the individuals with disabilities education act amendments of 1997, Public Law 105-17; and the implementing regulations for those statutes. The provider or providers of the Michigan merit examination and the superintendent of public instruction shall mutually agree upon the accommodations to be provided under this subsection.
- (10) To the greatest extent possible, the Michigan merit examination shall be based on grade level content expectations or course content expectations, as appropriate. Not later than July 1, 2008, the department shall identify specific grade level content expectations to be taught before and after the middle of grade 11, so that teachers will know what content will be covered within the Michigan merit examination.
- (11) A child who is a student in a nonpublic school or home school may take the Michigan merit examination under this section. To take the Michigan merit examination, a child who is a student in a home school shall contact the school district in which the child resides, and that school district shall administer the Michigan merit examination, or the child may take the Michigan merit examination at a nonpublic school if allowed by the nonpublic school. Upon request from a nonpublic school, the superintendent of public instruction shall direct the provider or providers to supply the Michigan merit examination to the nonpublic school and the nonpublic school may administer the Michigan merit examination. If a school district administers the Michigan merit examination under this subsection to a child who is not enrolled in the school district, the scores for that child are not considered for any purpose to be scores of a pupil of the school district.
- (12) In contracting under subsection (2), the department of technology, management, and budget shall consider a contractor that provides electronically-scored essays with the ability to score constructed response feedback in multiple languages and provide ongoing instruction and feedback.
- (13) The purpose of the Michigan merit examination is to assess pupil performance in mathematics, science, social studies, and English language arts for the purpose of improving academic achievement and establishing a statewide standard of competency. The assessment under this section provides a common measure of data that will contribute to the improvement of Michigan schools' curriculum and instruction by encouraging alignment with Michigan's curriculum framework standards and promotes pupil participation in higher level mathematics, science, social studies, and English language arts courses. These standards are based upon the expectations of what pupils should learn through high school and are aligned with national standards.
- (14) In addition to the other requirements of this section and the requirements of 1970 PA 38, MCL 388.1081 to 388.1086, beginning with assessments conducted during the 2016-2017 school year, the superintendent of public instruction shall ensure that the Michigan merit examination social studies component and the M-STEP and any successor state assessment for social studies, as appropriate, include questions related to the learning objectives in the state board recommended model core academic curriculum standards concerning genocide, including, but not limited to, the Holocaust and the Armenian Genocide.
- (15) As used in this section:
 - (a) "Armenian Genocide", "genocide", and "Holocaust" mean those terms as defined in section 1168.

(b) "English language arts" means reading and writing.

(c) "Social studies" means United States history, world history, world geography, economics, and American government.

380.1280 Accreditation.

Sec. 1280. (1) The board of a school district that does not want to be subject to the measures described in this section shall ensure that each public school within the school district is accredited.

(2) As used in subsection (1), and subject to subsection (6), "accredited" means certified by the superintendent of public instruction as having met or exceeded standards established under this section for 6 areas of school operation: administration and school organization, curricula, staff, school plant and facilities, school and community relations, and school improvement plans and student performance. The building-level evaluation used in the accreditation process shall include, but is not limited to, school data collection, self-study, visitation and validation, determination of performance data to be used, and the development of a school improvement plan.

(3) The department shall develop and distribute to all public schools proposed accreditation standards. Upon distribution of the proposed standards, the department shall hold statewide public hearings for the purpose of receiving testimony concerning the standards. After a review of the testimony, the department shall revise and submit the proposed standards to the superintendent of public instruction. After a review and revision, if appropriate, of the proposed standards, the superintendent of public instruction shall submit the proposed standards to the senate and house committees that have the responsibility for education legislation. Upon approval by these committees, the department shall distribute to all public schools the standards to be applied to each school for accreditation purposes. The superintendent of public instruction shall review and update the accreditation standards annually using the process prescribed under this subsection.

(4) The superintendent of public instruction shall develop and distribute to all public schools standards for determining that a school is eligible for summary accreditation under subsection (6). The standards shall be developed, reviewed, approved, and distributed using the same process as prescribed in subsection (3) for accreditation standards, and shall be finally distributed and implemented not later than December 31, 1994.

(5) The standards for accreditation or summary accreditation under this section shall include as criteria pupil performance on Michigan education assessment program (MEAP) tests and on the Michigan merit examination under section 1279g and, until the Michigan merit examination has been fully implemented, the percentage of pupils achieving state endorsement under section 1279, but shall not be based solely on pupil performance on MEAP tests or the Michigan merit examination or on the percentage of pupils achieving state endorsement under section 1279. The standards shall also include as criteria multiple year change in pupil performance on MEAP tests and the Michigan merit examination and, until after the Michigan merit examination is fully implemented, multiple year change in the percentage of pupils achieving state endorsement under section 1279. If it is necessary for the superintendent of public instruction to revise accreditation or summary accreditation standards established under subsection (3) or (4) to comply with this subsection, the revised standards shall be developed, reviewed, approved, and distributed using the same process as prescribed in subsection (3).

(6) If the superintendent of public instruction determines that a public school has met the standards established under subsection (4) or (5) for summary accreditation, the school is considered to be accredited without the necessity for a full building-level evaluation under subsection (2).

(7) If the superintendent of public instruction determines that a school has not met the standards established under subsection (4) or (5) for summary accreditation but that the school is making progress toward meeting those standards, or if, based on a full building-level evaluation under subsection (2), the superintendent of public instruction determines that a school has not met the standards for accreditation but is making progress toward meeting those standards, the school is in interim status and is subject to a full building-level evaluation as provided in this section.

(8) If a school has not met the standards established under subsection (4) or (5) for summary accreditation and is not eligible for interim status under subsection (7), the school is unaccredited and subject to the measures provided in this section.

(9) Beginning with the 2002-2003 school year, if at least 5% of a public school's answer sheets from the administration of the Michigan educational assessment program (MEAP) tests are lost by the department or by a state contractor and if the public school can verify that the answer sheets were collected from pupils and forwarded to the department or the contractor, the department shall not assign an accreditation score or school

report card grade to the public school for that subject area for the corresponding year for the purposes of determining state accreditation under this section. The department shall not assign an accreditation score or school report card grade to the public school for that subject area until the results of all tests for the next year are available.

(10) Subsection (9) does not preclude the department from determining whether a public school or a school district has achieved adequate yearly progress for the school year in which the answer sheets were lost for the purposes of the no child left behind act of 2001, Public Law 107-110. However, the department shall ensure that a public school or the school district is not penalized when determining adequate yearly progress status due to the fact that the public school's MEAP answer sheets were lost by the department or by a state contractor, but shall not require a public school or school district to retest pupils or produce scores from another test for this purpose.

(11) The superintendent of public instruction shall annually review and evaluate for accreditation purposes the performance of each school that is unaccredited and as many of the schools that are in interim status as permitted by the department's resources.

(12) The superintendent of public instruction shall, and the intermediate school district to which a school district is constituent, a consortium of intermediate school districts, or any combination thereof may, provide technical assistance, as appropriate, to a school that is unaccredited or that is in interim status upon request of the board of the school district in which the school is located. If requests to the superintendent of public instruction for technical assistance exceed the capacity, priority shall be given to unaccredited schools.

(13) A school that has been unaccredited for 3 consecutive years is subject to 1 or more of the following measures, as determined by the superintendent of public instruction:

(a) The superintendent of public instruction or his or her designee shall appoint at the expense of the affected school district an administrator of the school until the school becomes accredited.

(b) A parent, legal guardian, or person in loco parentis of a child who attends the school may send his or her child to any accredited public school with an appropriate grade level within the school district.

(c) The school, with the approval of the superintendent of public instruction, shall align itself with an existing research-based school improvement model or establish an affiliation for providing assistance to the school with a college or university located in this state.

(d) The school shall be closed.

(14) The superintendent of public instruction shall evaluate the school accreditation program and the status of schools under this section and shall submit an annual report based upon the evaluation to the senate and house committees that have the responsibility for education legislation. The report shall address the reasons each unaccredited school is not accredited and shall recommend legislative action that will result in the accreditation of all public schools in this state.

(15) Beginning with the 2008-2009 school year, a high school shall not be accredited by the department unless the department determines that the high school is providing or has otherwise ensured that all pupils have access to all of the elements of the curriculum required under sections 1278a and 1278b. If it is necessary for the superintendent of public instruction to revise accreditation or summary accreditation standards established under subsection (3) or (4) to comply with the changes made to this section by the amendatory act that added this subsection, the revised standards shall be developed, reviewed, approved, and distributed using the same process as prescribed in subsection (3).

380.1280c Identification of lowest achieving 5% of public schools; list; placement under supervision of reform/redesign officer; submission of redesign plan; implementation; creation of state school reform/redesign school district; appointment of chief executive officer to control multiple schools; implementation of restart, turnaround, or transformation models; release of public school from measures imposed by subsection (6) or (7); report; posting of certain information; issuance of order placing school under supervision of state school reform/redesign officer; prohibition.

Sec. 1280c. (1) Beginning in 2010, not later than September 1 of each year, the superintendent of public instruction shall publish a list identifying the public schools in this state that the department has determined to be among the lowest achieving 5% of all public schools in this state, as defined for the purposes of the federal incentive grant program created under sections 14005 and 14006 of title XIV of the American recovery and reinvestment act of 2009, Public Law 111-5.

(2) Except as otherwise provided in subsection (16), the superintendent of public instruction shall issue an order placing each public school that is included on the list under subsection (1) under the supervision of the state school reform/redesign officer described in subsection (9). Within 90 days after a public school is placed under the supervision of the state school reform/redesign officer under this section, the school board or board of directors operating the public school shall submit a redesign plan to the state school reform/redesign officer. For a public school operated by a school board, the redesign plan shall be developed with input from the local teacher bargaining unit and the local superintendent. The redesign plan shall require implementation of 1 of the 4 school intervention models that are provided for the lowest achieving schools under the federal incentive grant program created under sections 14005 and 14006 of title XIV of the American recovery and reinvestment act of 2009, Public Law 111-5, known as the "race to the top" grant program. These models are the turnaround model, restart model, school closure, and transformation model. The redesign plan shall include an executed addendum to each applicable collective bargaining agreement in effect for the public school that meets the requirements of subsection (8).

(3) Within 30 days after receipt of a redesign plan for a public school under subsection (2), the state school reform/redesign officer shall issue an order approving, disapproving, or making changes to the redesign plan. If the order makes changes to the redesign plan, the school board or board of directors has 30 days after the order to change the redesign plan to incorporate those changes into the redesign plan and resubmit it to the state school reform/redesign officer for approval or disapproval.

(4) The state school reform/redesign officer shall not disapprove a redesign plan that includes all of the elements required under federal law for the school intervention model included in the redesign plan. A school board or board of directors may appeal disapproval of a redesign plan on this basis to the superintendent of public instruction. The decision of the superintendent of public instruction on the appeal is final.

(5) If the state school reform/redesign officer approves a redesign plan under this section, the school board or board of directors shall implement the redesign plan for the public school beginning with the beginning of the next school year that begins after the approval. The school board or board of directors shall regularly submit monitoring reports to the state school reform/redesign officer on the implementation and results of the plan in the form and manner, and according to a schedule, as determined by the state school reform/redesign officer.

(6) The state school reform/redesign school district is created. The state school reform/redesign school district is a school district for the purposes of section 11 of article IX of the state constitution of 1963 and for receiving state school aid under the state school aid act of 1979 and is subject to the leadership and general supervision of the state board over all public education under section 3 of article VIII of the state constitution of 1963. The state school reform/redesign school district is a body corporate and is a governmental agency.

Except as otherwise provided in subsection (7), if the state school reform/redesign officer does not approve the redesign plan, or if the state school reform/redesign officer determines that the redesign plan is not achieving satisfactory results, the state school reform/redesign officer shall issue an order placing the public school in the state school reform/redesign school district, imposing for the public school implementation of 1 of the 4 school intervention models described in subsection (2) beginning with the beginning of the next school year, and imposing an addendum to each applicable collective bargaining agreement in effect for the public school as necessary to implement the school intervention model and that meets the requirements of subsection (8). All of the following apply to the state school reform/redesign school district:

(a) The state school reform/redesign school district shall consist of schools that are placed in the state school reform/redesign school district.

(b) The state school reform/redesign officer shall act as the superintendent of the state school reform/redesign school district. With respect to schools placed in the state school reform/redesign school district, the state school reform/redesign officer has all of the powers and duties described in this section; all of the provisions of this act that would otherwise apply to the school board that previously operated a school placed in the state school reform/redesign school district apply to the state school reform/redesign officer with respect to that school, except those relating to taxation or borrowing; except as otherwise provided in this section, the state school reform/redesign officer may exercise all the powers and duties otherwise vested by law in the school board that previously operated a school placed in the state school reform/redesign school district and in its officers, except those relating to taxation or borrowing, and may exercise all additional powers and duties provided under this section; and, except as otherwise provided in this section, the state school reform/redesign officer accedes to all the rights, duties, and obligations of the school board with respect to that school. These powers, rights, duties, and obligations include, but are not limited to, all of the following:

(i) Authority over the expenditure of all funds attributable to pupils at that school, including that portion of proceeds from bonded indebtedness and other funds dedicated to capital projects that would otherwise be apportioned to that school by the school board that previously operated the school according to the terms of the bond issue or financing documents.

(ii) Subject to subsection (8), rights and obligations under collective bargaining agreements and employment contracts entered into by the school board for employees at the school.

(iii) Rights to prosecute and defend litigation.

(iv) Rights and obligations under statute, rule, and common law.

(v) Authority to delegate any of the state school reform/redesign officer's powers and duties to 1 or more designees, with proper supervision by the state school reform/redesign officer.

(vi) Power to terminate any contract or portion of a contract entered into by the school board that applies to that school. However, this subsection does not allow any termination or diminishment of obligations to pay debt service on legally authorized bonds and does not allow a collective bargaining agreement to be affected except as provided under subsection (8). A contract terminated by the state school reform/redesign officer under this subsection is void.

(7) If the state school reform/redesign officer determines that better educational results are likely to be achieved by appointing a chief executive officer to take control of multiple public schools, the state school reform/redesign officer may make a recommendation to the superintendent of public instruction for appointment of a chief executive officer to take control over those multiple schools. If the superintendent of public instruction appoints a chief executive officer to take control of multiple public schools under this subsection, the chief executive officer shall impose for those public schools implementation of 1 of the 4 school intervention models described in subsection (2) and impose an addendum to each applicable collective bargaining agreement in effect for those public schools as necessary to implement the school intervention model and that meets the requirements of subsection (8). With respect to those public schools, the chief executive officer has all of the same powers and duties that the state school reform/redesign officer has for public schools placed in the state school reform/redesign school district under subsection (6). The chief executive officer shall regularly submit monitoring reports to the state school reform/redesign officer on the implementation and results of the intervention model in the form and manner, and according to a schedule, as determined by the state school reform/redesign officer. The chief executive officer shall exercise any other powers or duties over the public schools as may be directed by the superintendent of public instruction.

(8) An addendum to a collective bargaining agreement under this section shall provide for any of the following that are necessary for the applicable school intervention model to be implemented at each affected public school:

(a) That any contractual or other seniority system that would otherwise be applicable shall not apply at the public school. This subdivision does not allow unilateral changes in pay scales or benefits.

(b) That any contractual or other work rules that are impediments to implementing the redesign plan shall not apply at the public school. This subdivision does not allow unilateral changes in pay scales or benefits.

(c) That the state school reform/redesign officer shall direct the expenditure of all funds attributable to pupils at the public school and the principal or other school leader designated by the state school reform/redesign officer shall have full autonomy and control over curriculum and discretionary spending at the public school.

(9) The superintendent of public instruction shall hire a state school reform/redesign officer to carry out the functions under this section and as otherwise prescribed by law. The state school reform/redesign officer shall be chosen solely on the basis of his or her competence and experience in educational reform and redesign. The state school reform/redesign officer is exempt from civil service. The state school reform/redesign officer is responsible directly to the superintendent of public instruction to ensure that the purposes of this section are carried out, and accordingly the position of state school reform/redesign officer should be a position within the department that is exempt from the classified state civil service. The department shall request that the civil service commission establish the position of state school reform/redesign officer as a position that is exempt from the classified state civil service.

(10) If the state school reform/redesign officer imposes the restart model for a public school in the state school reform/redesign school district, or a chief executive officer under subsection (7) imposes the restart model for multiple public schools under that subsection, all of the following apply:

(a) The state school reform/redesign officer or chief executive officer shall enter into an agreement with an educational management organization to manage and operate the public school or schools. The state school reform/redesign officer or chief executive officer shall provide sufficient oversight to ensure that the public school or schools will be operated according to all of the requirements for a restart model.

(b) There shall be considered to be no collective bargaining agreement in effect that applies to employees working at the public school or schools under this model at the time of imposition of the model.

(11) If the state school reform/redesign officer imposes the turnaround model for a public school in the state school reform/redesign school district, or a chief executive officer under subsection (7) imposes the turnaround model for multiple public schools under that subsection, all of the following apply:

(a) A collective bargaining agreement that applies to employees working at the public school or schools under this model at the time of imposition of the model, and any successor collective bargaining agreement, continues to apply with respect to pay scales and benefits.

(b) Subject to any addendum to the collective bargaining agreement that applies to the public school or schools, an employee who is working at the public school or schools and who was previously employed in the same school district that previously operated that school shall continue to retain and accrue seniority rights in that school district according to the collective bargaining agreement that applies to employees of that school district.

(12) If more than 9 public schools operated by a school district are on the list under subsection (1), the transformation model may not be implemented for more than 50% of those schools.

(13) If the state school reform/redesign officer determines that a public school that is subject to the measures under subsection (6) or (7) has made significant improvement in pupil achievement and should be released from the measures that have been imposed under subsection (6) or (7), the state school reform/redesign officer may recommend this to the superintendent of public instruction. If the superintendent of public instruction agrees with the determination and recommendation, the superintendent of public instruction may release the public school from the measures that have been imposed under subsection (6) or (7).

(14) At least annually, the state school reform/redesign officer shall submit a report to the standing committees of the senate and house of representatives having jurisdiction over education legislation on the progress being made in improving pupil proficiency due to the measures under this section.

(15) As soon as practicable after the federal department of education has adopted the final work rules and formula for identifying the lowest achieving 5% of all public schools in this state for the purposes of the federal incentive grant program created under sections 14005 and 14006 of title XIV of the American recovery and reinvestment act of 2009, Public Law 111-5, known as the "race to the top" grant program, the department shall post all of the following on its website:

(a) The federal work rules and formula.

(b) A list of the public schools in this state that have been identified for these purposes as being among the lowest achieving 5% of all public schools in this state. The department shall update this list as it considers appropriate.

(16) If a school that is included on the list under subsection (1) is operated by a school district in which an emergency manager is in place under the local government and school district fiscal accountability act, then

the superintendent of public instruction shall not issue an order placing the school under the supervision of the state school reform/redesign officer.

However, a public school academy may use an early literacy coach provided by the public school academy, at the expense of the public school academy, rather than using an early literacy coach provided through an intermediate school district if the early literacy coach and the usage of the early literacy coach otherwise meet the requirements of this section.
- (3) Subject to subsection (14), a school district or public school academy shall provide reading intervention programs for pupils in grades K to 3, including at least all of the following:

(iv) That the parent or legal guardian has the right to request a meeting with school officials to discuss the retention requirement under state law and the standards and processes for a good cause exemption from that requirement.

(e) If a parent or legal guardian receives a notification from CEPI under subdivision (d), the parent or legal guardian may request a meeting with school officials to discuss the retention requirement under state law and the standards and processes for a good cause exemption from that requirement. If a parent or legal guardian requests a meeting described in this subdivision, the school official to whom the request is made shall ensure that an appropriate school official is made available to the parent or legal guardian for such a meeting.

(f) If a pupil is not enrolled in grade 4 at the beginning of a school year due to the operation of this subsection, then before placing the child in grade 4 during the school year, an appropriate school official of the pupil's school district or public school academy shall provide written notification to the pupil's parent or legal guardian of the proposed placement.

(6) Subject to subsection (11), if a pupil or child demonstrates both of the following, then subsection (5)(a) and (b) do not apply and he or she may be enrolled in grade 4:

(9) Subject to subsection (14), if a pupil is promoted to grade 4 due to a good cause exemption granted under subsection (8), the pupil remains eligible for reading intervention services designed to enable the pupil to achieve proficiency in reading. The services for a pupil described in this subsection shall be similar to those provided to pupils in grade 3 under this section.

(10) The superintendent of a school district or chief administrator of a public school academy, or his or her designee, shall grant a good cause exemption under subsection (8) only through the following procedure:

(b) For a pupil enrolled in a school operated by a school district, the superintendent or his or her designee shall review and discuss the recommendation with the pupil's grade 3 teacher and, if the pupil has an individualized education program, with the pupil's individualized education program team. After this discussion, the chief administrator or his or her designee shall make a determination in writing of whether or not to grant the good cause exemption for the pupil. The decision by the chief administrator or his or her designee is final.

(d) For a pupil for whom a request has been received from the pupil's parent or legal guardian, as described in subsection (8)(e), if the request is received within 30 days after the notification by CEPI under subsection (5)(d), the superintendent of the school district or chief administrator of the public school academy, as applicable, or his or her designee, shall review the request and any supporting information and shall consider whether or not the good cause exemption is in the best interests of the pupil. After this consideration, he or she shall make a determination in writing of whether or not to grant the good cause exemption. This determination shall be made and communicated to the parent or legal guardian at least 30 days before the first day of school for the school year. The decision of the superintendent or chief administrator, or his or her designee, is final.

(e) The superintendent of the pupil's school district or chief administrator of the pupil's public school academy, or his or her designee, shall notify the pupil's parent or legal guardian of the determination and decision under subdivision (b), (c), or (d), as applicable.

(11) For a pupil or child described in subsection (6) or a pupil who has been granted a good cause exemption under subsection (8), the school district or public school academy shall provide intensive reading intervention, as described under subsection (7), for the pupil until he or she no longer has a reading deficiency.

(12) A school district or public school academy shall not require a pupil to repeat grade 3 more than once due to the operation of this section.

(14) This section does not require or state an intention to require a school district or public school academy to supplant state funds with federal funds for implementing or supporting the activities under this section and does not prohibit a school district or public school academy from continuing to use federal funds for any of the purposes or activities described in this section.

(15) For pupils identified as English language learners by the pupil's teacher or by the diagnostic reading assessment selected by the school district or public school academy under subsection (2)(a), if available staff resources allow, a school district or public school academy is encouraged to provide the following intervention services in addition to those required under subsection (3)(c):

(a) Instruction in the pupil's native language, with withdrawal of that instruction as appropriate as the pupil improves his or her English language skills. Sec. 1284a. (1) Not later than July 1, 2008, an intermediate school district, in cooperation with its

constituent districts, shall adopt a common school calendar to apply to all of its constituent districts and to its intermediate school district programs. The intermediate school district shall post the common school calendar on its website. The common school calendar shall meet all of the following:

(a) Shall be in compliance with sections 1284 and 1284b.

(b) Shall identify the dates for each school year when school will not be in session for a winter holiday break and a spring break. The common school calendar shall identify these dates specifically for at least the next 5 school years, but may describe these dates more generally for school years thereafter as long as the dates may be readily determined.

(2) Beginning with the 2008-2009 school year, except as otherwise provided in this section, the board of each constituent district and the intermediate school board shall ensure that its school calendar complies with the common school calendar adopted under subsection (1).

(3) In addition to the requirements under subsection (1), a common school calendar adopted under subsection (1) is encouraged to identify common dates for professional development days.

(4) If a collective bargaining agreement that provides a complete school calendar is in effect for employees of a school district or intermediate school district as of the effective date of this section, and if that school calendar is not in compliance with the common school calendar adopted under subsection (1), then subsection (2) does not apply to that school district or intermediate school district until after the expiration of that collective bargaining agreement.

(5) If as of the effective date of this section an intermediate school district or school district is operating a year-round school or program or is operating a school that is an international baccalaureate academy that provides 1,160 hours of pupil instruction per school year, then subsection (2) does not apply to that school or program. If after the effective date of this section an intermediate school district or school district begins operating a year-round school or program, the intermediate school district or school district may apply to the superintendent of public instruction for a waiver from the requirements of subsection (2) for that school or program. The application shall be in writing in the form and manner prescribed by the department and shall provide justification for the school or program to operate on a calendar that differs from the common school calendar adopted under subsection (1). Upon application, if the superintendent of public instruction determines that a school or program is a bona fide year-round school or program established for educational reasons and that there is sufficient justification for the school or program to operate on a calendar that differs from the common school calendar adopted under subsection (1), the superintendent of public instruction shall grant the waiver. The superintendent of public instruction shall establish standards for determining a bona fide year-round school or program for the purposes of this subsection.

(6) If an intermediate school district or school district is operating or begins operating a school or program on a trimester schedule, the intermediate school district or school district may apply to the superintendent of public instruction for a waiver from the requirements of subsection (2) for that school or program. The application shall be in writing in the form and manner prescribed by the department and shall provide justification for the school or program to operate on a calendar that differs from the common school calendar adopted under subsection (1). Upon application, if the superintendent of public instruction determines that a school or program is operating on a bona fide trimester schedule established for educational reasons and that there is sufficient justification for the school or program to operate on a calendar that differs from the common school calendar adopted under subsection (1), the superintendent of public instruction shall grant the waiver. The superintendent of public instruction shall establish standards for determining a bona fide trimester schedule for the purposes of this subsection.

(7) This section does not apply to a public school that operates all of grades 6 to 12 at a single site, that aligns its high school curriculum with advanced placement courses as the capstone of the curriculum, and that ends its second academic semester concurrently with the end of the advanced placement examination period.

(8) In addition to the other exceptions under this section, the superintendent of public instruction may grant a waiver from a requirement under this section for a school district that applies for the waiver in writing in the form and manner prescribed by the superintendent of public instruction and provides sufficient justification for the waiver, as determined by the superintendent of public instruction.

(9) As used in this section:

(a) "Board" means the board of a school district or board of directors of a public school academy.

(b) "Constituent district" means a constituent district of the intermediate school district or a public school academy that is located within the boundaries of the intermediate school district and that receives services from the intermediate school district.

(2) Except as otherwise provided in this section, the board of a school district or intermediate school district or board of directors of a public school academy shall ensure that the district's or public school academy's school year does not begin before Labor day.

(3) If a collective bargaining agreement that provides a complete school calendar is in effect for employees of a school district, public school academy, or intermediate school district as of the effective date of the amendatory act that added subsection (2), and if that school calendar is not in compliance with subsection (2), then subsection (2) does not apply to that school district, public school academy, or intermediate school district until after the expiration of that collective bargaining agreement.

If the school district, public school academy, or intermediate school district contracts for the operation or staffing of the program, the contract shall contain assurance that the contracting person or entity, before assigning an individual to work in the program, will comply with sections 1230 and 1230a with respect to that individual to the same extent as if the person or entity were a school district employing the individual as a teacher. The department of state police shall provide information to a school district, public school academy, intermediate school district, or contracting person or entity requesting information under this subdivision to the same extent as if the school district, public school academy, intermediate school district, or person or entity were a school district making the request under section 1230 or 1230a.

(d) A requirement that school personnel shall call key identified personnel for help from within the school building either immediately at the onset of an emergency situation or, if it is reasonable under the particular circumstances for school personnel to believe that diverting their attention to calling for help would increase the risk to the safety of the pupil or to the safety of others, as soon as possible once the circumstances no longer support such a belief.

(e) A requirement that the school district, intermediate school district, or public school academy must ensure that substitute teachers are informed of and understand the procedures regarding use of emergency seclusion and emergency physical restraint. (ii) Continually observe the pupil in emergency seclusion or emergency physical restraint for indications of physical distress and seek medical assistance if there is a concern.

(iii) Document observations.

(iv) Ensure to the extent practicable, in light of the ongoing emergency situation, that the emergency physical restraint does not interfere with the pupil's ability to communicate using the pupil's primary mode of

communication.

The development of an emergency intervention plan shall be solely for the purpose of protecting the health, safety, and dignity of the pupil and does not expand the legally permissible use of emergency seclusion or emergency physical restraint.

- (c) "Documentation" means documentation developed by the department that is uniform across the state.
- (d) "Emergency physical restraint" means a last resort emergency safety intervention involving physical restraint that is necessitated by an ongoing emergency situation and that provides an opportunity for the pupil to regain self-control while maintaining the safety of the pupil and others. Emergency physical restraint does not include physical restraint that is used for the convenience of school personnel, as a substitute for an educational program, as a form of discipline or punishment, as a substitute for less restrictive alternatives, as a substitute for adequate staffing, or as a substitute for school personnel training in positive behavioral intervention and support. Emergency physical restraint does not include a practice prohibited under section 1307b. Emergency physical restraint does not include physical restraint when contraindicated based on a pupil's disability, health care needs, or medical or psychiatric condition, as documented in a record or records made available to the school.
- (e) "Emergency seclusion" means a last resort emergency safety intervention involving seclusion that is necessitated by an ongoing emergency situation and that provides an opportunity for the pupil to regain self-control while maintaining the safety of the pupil and others. To qualify as emergency seclusion, there must be continuous observation by school personnel of the pupil in seclusion, and the room or area used for confinement must comply with state and local fire and building codes; must not be locked; must not prevent

the pupil from exiting the area if school personnel become incapacitated or leave that area; and must provide for adequate space, lighting, ventilation, viewing, and the safety and dignity of the pupil and others, in accordance with department guidelines. Emergency seclusion does not include the confinement of preschool children or of pupils who are severely self-injurious or suicidal; seclusion that is used for the convenience of school personnel, as a substitute for an educational program, as a form of discipline or punishment, as a substitute for less restrictive alternatives, as a substitute for adequate staffing, or as a substitute for school personnel training in positive behavioral intervention and support; or a practice prohibited under section 1307b. (g) "Functional behavioral assessment" means an evidence- and research-based systematic process for identifying the events that trigger and maintain problem behavior in an educational setting. A functional behavioral assessment shall describe specific problematic behaviors, report the frequency of the behaviors, assess environmental and other setting conditions where problematic behaviors occur, and identify the factors that are maintaining the behaviors over time.

(h) "Key identified personnel" means those individuals who have received the mandatory training described in section 1307g(b)(i) to (xvi).

(i) "Mechanical restraint" means the use of any device, article, garment, or material attached to or adjacent to a pupil's body to perform restraint.

(k) "Positive behavioral intervention and support" means a framework to assist school personnel in adopting and organizing evidence-based behavioral interventions into an integrated continuum of intensifying supports based on pupil need that unites examination of the function of the problem behavior and the teaching of alternative skill repertoires to enhance academic and social behavior outcomes for all pupils.

(l) "Positive behavioral intervention and support plan" means a pupil-specific support plan composed of individualized, functional behavioral assessment-based intervention strategies, including, as appropriate to the pupil, guidance or instruction for the pupil to use new skills as a replacement for problem behaviors, some rearrangement of the antecedent environment so that problems can be prevented and desirable behaviors can be encouraged, and procedures for monitoring, evaluating, and modifying the plan as necessary.

Restraint does not include the brief holding of a pupil in order to calm or comfort, the minimum contact necessary to physically escort a pupil from 1 area to another, the minimum contact necessary to assist a pupil in completing a task or response if the pupil does not resist or resistance is minimal in intensity or duration, or the holding of a pupil for a brief time in order to prevent an impulsive behavior that threatens the pupil's immediate safety, such as running in front of a car. Restraint does not include the administration of medication prescribed by and administered in accordance with the directions of a physician, an adaptive or protective device recommended by a physician or therapist when it is used as recommended, or safety equipment used by the general pupil population as intended, such as a seat belt or safety harness on school transportation. Restraint does not include necessary actions taken to break up a fight, to stop a physical assault, as defined in section 1310, or to take a weapon from a pupil. Restraint does not include actions that are an integral part of a sporting event, such as a referee pulling football players off of a pile or a similar action.

(p) "Restraint that negatively impacts breathing" means any restraint that inhibits breathing, including floor restraints, facedown position, or any position in which an individual is bent over in such a way that it is difficult to breathe. This includes a seated or kneeling position in which an individual being restrained is bent over at the waist and restraint that involves sitting or lying across an individual's back or stomach.

(q) "School personnel" includes all individuals employed in a public school or assigned to regularly and continuously work under contract or under agreement in a public school, or public school personnel providing service at a nonpublic school.

380.1310d.added Suspension or expulsion of pupil; factors; exercise of discretion; rebuttable presumption; section inapplicable for possession of firearm in weapon free school zone; consideration of factors mandatory; definitions.

Sec. 1310d. (1) Before suspending or expelling a pupil under section 1310, 1311(1), 1311(2), or 1311a, the board of a school district or intermediate school district or board of directors of a public school academy, or a superintendent, school principal, or other designee under section 1311(1), shall consider each of the following factors:

(a) The pupil's age.

(b) The pupil's disciplinary history.

(c) Whether the pupil is a student with a disability.

(d) The seriousness of the violation or behavior committed by the pupil.

(e) Whether the violation or behavior committed by the pupil threatened the safety of any pupil or staff member.

In exercising this discretion with regard to a suspension of more than 10 days or an expulsion, there is a rebuttable presumption that a suspension or expulsion is not justified unless the board or board of directors, or its designee, can demonstrate that it considered each of the factors listed under subsection (1). For a suspension of 10 or fewer days, there is no rebuttable presumption, but the board or board of directors, or its designee, shall consider each of the factors listed under subsection (1).

(3) This section does not apply to a pupil being expelled under section 1311(2) for possessing a firearm in a weapon free school zone.

(4) Except as provided in subsection (3), consideration of the factors listed in subsection (1) is mandatory before suspending or expelling a student under section 1310, 1311(1), 1311(2), or 1311a. 380.1311 Suspension or expulsion of pupils.

Sec. 1311. (1) Subject to subsection (2), the school board, or the school district superintendent, a school building principal, or another school district official if designated by the school board, may authorize or order the suspension or expulsion from school of a pupil guilty of gross misdemeanor or persistent disobedience if, in the judgment of the school board or its designee, as applicable, the interest of the school is served by the authorization or order. If there is reasonable cause to believe that the pupil is a student with a disability, and the school district has not evaluated the pupil in accordance with rules of the superintendent of public instruction to determine if the pupil is a student with a disability, the pupil shall be evaluated immediately by the intermediate school district of which the school district is constituent in accordance with section 1711.

(2) If a pupil possesses in a weapon free school zone a weapon that constitutes a dangerous weapon, commits arson in a school building or on school grounds, or commits criminal sexual conduct in a school building or on school grounds, the school board, or the designee of the school board as described in subsection (1) on behalf of the school board, shall expel the pupil from the school district permanently, subject to possible reinstatement under subsection (5). However, a school board is not required to expel a pupil for possessing a weapon if the pupil establishes in a clear and convincing manner at least 1 of the following:

(a) The object or instrument possessed by the pupil was not possessed by the pupil for use as a weapon, or for direct or indirect delivery to another person for use as a weapon.

(b) The weapon was not knowingly possessed by the pupil.

(c) The pupil did not know or have reason to know that the object or instrument possessed by the pupil constituted a dangerous weapon.

(d) The weapon was possessed by the pupil at the suggestion, request, or direction of, or with the express permission of, school or police authorities.

(3) If an individual is expelled pursuant to subsection (2), the expelling school district shall enter on the individual's permanent record that he or she has been expelled pursuant to subsection (2). Except if a school district operates or participates cooperatively in an alternative education program appropriate for individuals expelled pursuant to subsection (2) and in its discretion admits the individual to that program, and except for a strict discipline academy established under sections 1311b to 1311l, an individual expelled pursuant to subsection (2) is expelled from all public schools in this state and the officials of a school district shall not allow the individual to enroll in the school district unless the individual has been reinstated under subsection (5). Except as otherwise provided by law, a program operated for individuals expelled pursuant to subsection (2) shall ensure that those individuals are physically separated at all times during the school day from the general pupil population. If an individual expelled from a school district pursuant to subsection (2) is not placed in an alternative education program or strict discipline academy, the school district may provide, or may arrange for the intermediate school district to provide, appropriate instructional services to the individual at home. The type of services provided shall meet the requirements of section 6(4)(u) of the state school aid act of 1979, MCL 388.1606, and the services may be contracted for in the same manner as services for homebound pupils under section 109 of the state school aid act of 1979, MCL 388.1709. This subsection does not require a school district to expend more money for providing services for a pupil expelled pursuant to subsection (2) than the amount of the foundation allowance the school district receives for the pupil as calculated under section 20 of the state school aid act of 1979, MCL 388.1620.

(4) If a school board expels an individual pursuant to subsection (2), the school board shall ensure that, within 3 days after the expulsion, an official of the school district refers the individual to the appropriate county department of social services or county community mental health agency and notifies the individual's

parent or legal guardian or, if the individual is at least age 18 or is an emancipated minor, notifies the individual of the referral.

(5) The parent or legal guardian of an individual expelled pursuant to subsection (2) or, if the individual is at least age 18 or is an emancipated minor, the individual may petition the expelling school board for reinstatement of the individual to public education in the school district. If the expelling school board denies a petition for reinstatement, the parent or legal guardian or, if the individual is at least age 18 or is an emancipated minor, the individual may petition another school board for reinstatement of the individual in that other school district. All of the following apply to reinstatement under this subsection:

(a) For an individual who was enrolled in grade 5 or below at the time of the expulsion and who has been expelled for possessing a firearm or threatening another person with a dangerous weapon, the parent or legal guardian or, if the individual is at least age 18 or is an emancipated minor, the individual may initiate a petition for reinstatement at any time after the expiration of 60 school days after the date of expulsion. For an individual who was enrolled in grade 5 or below at the time of the expulsion and who has been expelled pursuant to subsection (2) for a reason other than possessing a firearm or threatening another person with a dangerous weapon, the parent or legal guardian or, if the individual is at least age 18 or is an emancipated minor, the individual may initiate a petition for reinstatement at any time. For an individual who was in grade 6 or above at the time of expulsion, the parent or legal guardian or, if the individual is at least age 18 or is an emancipated minor, the individual may initiate a petition for reinstatement at any time after the expiration of 150 school days after the date of expulsion.

(b) An individual who was in grade 5 or below at the time of the expulsion and who has been expelled for possessing a firearm or threatening another person with a dangerous weapon shall not be reinstated before the expiration of 90 school days after the date of expulsion. An individual who was in grade 5 or below at the time of the expulsion and who has been expelled pursuant to subsection (2) for a reason other than possessing a firearm or threatening another person with a dangerous weapon shall not be reinstated before the expiration of 10 school days after the date of the expulsion. An individual who was in grade 6 or above at the time of the expulsion shall not be reinstated before the expiration of 180 school days after the date of expulsion.

(c) It is the responsibility of the parent or legal guardian or, if the individual is at least age 18 or is an emancipated minor, of the individual to prepare and submit the petition. A school board is not required to provide any assistance in preparing the petition. Upon request by a parent or legal guardian or, if the individual is at least age 18 or is an emancipated minor, by the individual, a school board shall make available a form for a petition.

(d) Not later than 10 school days after receiving a petition for reinstatement under this subsection, a school board shall appoint a committee to review the petition and any supporting information submitted by the parent or legal guardian or, if the individual is at least age 18 or is an emancipated minor, by the individual. The committee shall consist of 2 school board members, 1 school administrator, 1 teacher, and 1 parent of a pupil in the school district. During this time the superintendent of the school district may prepare and submit for consideration by the committee information concerning the circumstances of the expulsion and any factors mitigating for or against reinstatement.

(e) Not later than 10 school days after all members are appointed, the committee described in subdivision (d) shall review the petition and any supporting information and information provided by the school district and shall submit a recommendation to the school board on the issue of reinstatement. The recommendation shall be for unconditional reinstatement, for conditional reinstatement, or against reinstatement, and shall be accompanied by an explanation of the reasons for the recommendation and of any recommended conditions for reinstatement. The recommendation shall be based on consideration of all of the following factors:

(i) The extent to which reinstatement of the individual would create a risk of harm to pupils or school personnel.

(ii) The extent to which reinstatement of the individual would create a risk of school district liability or individual liability for the school board or school district personnel.

(iii) The age and maturity of the individual.

(iv) The individual's school record before the incident that caused the expulsion.

(v) The individual's attitude concerning the incident that caused the expulsion.

(vi) The individual's behavior since the expulsion and the prospects for remediation of the individual.

(vii) If the petition was filed by a parent or legal guardian, the degree of cooperation and support that has been provided by the parent or legal guardian and that can be expected if the individual is reinstated, including, but not limited to, receptiveness toward possible conditions placed on the reinstatement.

(f) Not later than the next regularly scheduled board meeting after receiving the recommendation of the committee under subdivision (e), a school board shall make a decision to unconditionally reinstate the individual, conditionally reinstate the individual, or deny reinstatement of the individual. The decision of the

school board is final.

(g) A school board may require an individual and, if the petition was filed by a parent or legal guardian, his or her parent or legal guardian to agree in writing to specific conditions before reinstating the individual in a conditional reinstatement. The conditions may include, but are not limited to, agreement to a behavior contract, which may involve the individual, parent or legal guardian, and an outside agency; participation in or completion of an anger management program or other appropriate counseling; periodic progress reviews; and specified immediate consequences for failure to abide by a condition. A parent or legal guardian or, if the individual is at least age 18 or is an emancipated minor, the individual may include proposed conditions in a petition for reinstatement submitted under this subsection.

(6) A school board or school administrator that complies with subsection (2) is not liable for damages for expelling a pupil pursuant to subsection (2), and the authorizing body of a public school academy is not liable for damages for expulsion of a pupil by the public school academy pursuant to subsection (2).

(7) The department shall develop and distribute to all school districts a form for a petition for reinstatement to be used under subsection (5).

(8) This section does not diminish any rights under federal law of a pupil who has been determined to be eligible for special education programs and services.

(9) If a pupil expelled from a public school district pursuant to subsection (2) is enrolled by a public school district sponsored alternative education program or a public school academy during the period of expulsion, the public school academy or alternative education program shall immediately become eligible for the prorated share of either the public school academy or operating school district's foundation allowance or the expelling school district's foundation allowance, whichever is higher.

(10) If an individual is expelled pursuant to subsection (2), it is the responsibility of that individual and of his or her parent or legal guardian to locate a suitable alternative educational program and to enroll the individual in such a program during the expulsion. The office of safe schools in the department shall compile information on and catalog existing alternative education programs or schools and nonpublic schools that may be open to enrollment of individuals expelled pursuant to subsection (2) and pursuant to section 1311a, and shall periodically distribute this information to school districts for distribution to expelled individuals. A school board that establishes an alternative education program or school described in this subsection shall notify the office of safe schools about the program or school and the types of pupils it serves. The office of safe schools also shall work with and provide technical assistance to school districts, authorizing bodies for public school academies, and other interested parties in developing these types of alternative education programs or schools in geographic areas that are not being served.

380.1311.amended Suspension or expulsion of pupil.

Sec. 1311. (1) Subject to subsection (2), the school board, or the school district superintendent, a school building principal, or another school district official if designated by the school board, may authorize or order the suspension or expulsion from school of a pupil guilty of gross misdemeanor or persistent disobedience if, in the judgment of the school board or its designee, as applicable, the interest of the school is served by the authorization or order. If there is reasonable cause to believe that the pupil is a student with a disability, and

the school district has not evaluated the pupil in accordance with rules of the superintendent of public instruction to determine if the pupil is a student with a disability, the pupil shall be evaluated immediately by the intermediate school district of which the school district is constituent in accordance with section 1711.

(2) Subject to subsection (3) and section 1310d, if a pupil possesses in a weapon free school zone a weapon that constitutes a dangerous weapon, commits arson in a school building or on school grounds, or commits criminal sexual conduct in a school building or on school grounds, the school board, or the designee of the school board as described in subsection (1) on behalf of the school board, shall expel the pupil from the school district permanently, subject to possible reinstatement under subsection (6). However, a school board is not required to expel a pupil for possessing a weapon if the pupil establishes in a clear and convincing manner at least 1 of the following:

(a) The object or instrument possessed by the pupil was not possessed by the pupil for use as a weapon, or for direct or indirect delivery to another person for use as a weapon.

(b) The weapon was not knowingly possessed by the pupil.

(c) The pupil did not know or have reason to know that the object or instrument possessed by the pupil constituted a dangerous weapon.

(d) The weapon was possessed by the pupil at the suggestion, request, or direction of, or with the express permission of, school or police authorities.

(3) There is a rebuttable presumption that expulsion under subsection (2) for possession of a weapon is not justified if both of the following are met:

(a) The school board or its designee determines in writing that at least 1 of the factors listed in subsection (2)(a) to (d) has been established in a clear and convincing manner.

(b) The pupil has no history of suspension or expulsion.

(4) If an individual is expelled pursuant to subsection (2), the expelling school district shall enter on the individual's permanent record that he or she has been expelled pursuant to subsection (2). Except if a school district operates or participates cooperatively in an alternative education program appropriate for individuals expelled pursuant to subsection (2) and in its discretion admits the individual to that program, and except for a strict discipline academy established under sections 1311b to 1311m, an individual expelled pursuant to subsection (2) is expelled from all public schools in this state and the officials of a school district shall not allow the individual to enroll in the school district unless the individual has been reinstated under subsection (6). Except as otherwise provided by law, a program operated for individuals expelled pursuant to subsection (2) shall ensure that those individuals are physically separated at all times during the school day from the general pupil population. If an individual expelled from a school district pursuant to subsection (2) is not placed in an alternative education program or strict discipline academy, the school district may provide, or may arrange for the intermediate school district to provide, appropriate instructional services to the individual at home. (5) If a school board expels an individual pursuant to subsection (2), the school board shall ensure that, within 3 days after the expulsion, an official of the school district refers the individual to the appropriate county department of social services or county community mental health agency and notifies the individual's parent or legal guardian or, if the individual is at least age 18 or is an emancipated minor, notifies the individual of the referral.

(6) The parent or legal guardian of an individual expelled pursuant to subsection (2) or, if the individual is at least age 18 or is an emancipated minor, the individual may petition the expelling school board for reinstatement of the individual to public education in the school district. If the expelling school board denies a petition for reinstatement, the parent or legal guardian or, if the individual is at least age 18 or is an emancipated minor, the individual may petition another school board for reinstatement of the individual in that other school district. All of the following apply to reinstatement under this subsection:

(a) For an individual who was enrolled in grade 5 or below at the time of the expulsion and who has been expelled for possessing a firearm or threatening another person with a dangerous weapon, the parent or legal guardian or, if the individual is at least age 18 or is an emancipated minor, the individual may initiate a petition for reinstatement at any time after the expiration of 60 school days after the date of expulsion. minor, the individual may initiate a petition for reinstatement at any time. For an individual who was in grade 6 or above at the time of expulsion, the parent or legal guardian or, if the individual is at least age 18 or is an emancipated minor, the individual may initiate a petition for reinstatement at any time after the expiration of 150 school days after the date of expulsion.

(b) An individual who was in grade 5 or below at the time of the expulsion and who has been expelled for possessing a firearm or threatening another person with a dangerous weapon shall not be reinstated before the expiration of 90 school days after the date of expulsion. An individual who was in grade 5 or below at the time of the expulsion and who has been expelled pursuant to subsection (2) for a reason other than possessing a firearm or threatening another person with a dangerous weapon shall not be reinstated before the expiration of 10 school days after the date of the expulsion. (c) It is the responsibility of the parent or legal guardian or, if the individual is at least age 18 or is an emancipated minor, of the individual to prepare and submit the petition. A school board is not required to provide any assistance in preparing the petition. Upon request by a parent or legal guardian or, if the individual is at least age 18 or is an emancipated minor, by the individual, a school board shall make available a form for a petition.

(d) Not later than 10 school days after receiving a petition for reinstatement under this subsection, a school board shall appoint a committee to review the petition and any supporting information submitted by the parent or legal guardian or, if the individual is at least age 18 or is an emancipated minor, by the individual. The committee shall consist of 2 school board members, 1 school administrator, 1 teacher, and 1 parent of a pupil in the school district. During this time the superintendent of the school district may prepare and submit for consideration by the committee information concerning the circumstances of the expulsion and any factors mitigating for or against reinstatement.

The recommendation shall be for unconditional reinstatement, for conditional reinstatement, or against reinstatement, and shall be accompanied by an explanation of the reasons for the recommendation and of any recommended conditions for reinstatement. The recommendation shall be based on consideration of all of the following factors:

(i) The extent to which reinstatement of the individual would create a risk of harm to pupils or school personnel.

(ii) The extent to which reinstatement of the individual would create a risk of school district liability or individual liability for the school board or school district personnel.

(iii) The age and maturity of the individual.

(iv) The individual's school record before the incident that caused the expulsion.

(v) The individual's attitude concerning the incident that caused the expulsion.

(vi) The individual's behavior since the expulsion and the prospects for remediation of the individual.

(vii) If the petition was filed by a parent or legal guardian, the degree of cooperation and support that has been provided by the parent or legal guardian and that can be expected if the individual is reinstated, including, but not limited to, receptiveness toward possible conditions placed on the reinstatement.

(f) Not later than the next regularly scheduled board meeting after receiving the recommendation of the committee under subdivision (e), a school board shall make a decision to unconditionally reinstate the individual, conditionally reinstate the individual, or deny reinstatement of the individual. The decision of the school board is final.

(g) A school board may require an individual and, if the petition was filed by a parent or legal guardian, his or her parent or legal guardian to agree in writing to specific conditions before reinstating the individual in a conditional reinstatement. The conditions may include, but are not limited to, agreement to a behavior contract, which may involve the individual, parent or legal guardian, and an outside agency; participation in or completion of an anger management program or other appropriate counseling; periodic progress reviews; and specified immediate consequences for failure to abide by a condition. A parent or legal guardian or, if the individual is at least age 18 or is an emancipated minor, the individual may include proposed conditions in a petition for reinstatement submitted under this subsection.

(7) A school board or school administrator that complies with subsection (2) is not liable for damages for expelling a pupil pursuant to subsection (2), and the authorizing body of a public school academy is not liable for damages for expulsion of a pupil by the public school academy pursuant to subsection (2).

(8) The department shall develop and distribute to all school districts a form for a petition for reinstatement to be used under subsection (6).

(9) This section does not diminish any rights under federal law of a pupil who has been determined to be

eligible for special education programs and services.

(10) If a pupil expelled from a public school district pursuant to subsection (2) is enrolled by a public school district sponsored alternative education program or a public school academy during the period of expulsion, the public school academy or alternative education program shall immediately become eligible for the prorated share of either the public school academy or operating school district's foundation allowance or the expelling school district's foundation allowance, whichever is higher.

(11) If an individual is expelled pursuant to subsection (2), it is the responsibility of that individual and of his or her parent or legal guardian to locate a suitable alternative educational program and to enroll the individual in such a program during the expulsion. 380.1311g Strict discipline academy; location; tuition; admission policies or practices; enrollment; types of pupils; special education pupils; individuals committed to high-security or medium-security juvenile facility; residence requirements; grades.

Sec. 1311g. (1) A strict discipline academy may be located in all or part of an existing public school building. Except for a strict discipline academy that includes pupils who are the responsibility of a county juvenile agency, a strict discipline academy shall not operate at a site other than the single site requested for the configuration of grades that will use the site, as specified in the application required under section 1311d and in the contract.

(2) A strict discipline academy shall not charge tuition. Except as otherwise provided in subsection (6), a strict discipline academy shall not discriminate in its pupil admissions policies or practices on the basis of intellectual or athletic ability, measures of achievement or aptitude, status as a student with a disability, or any other basis that would be illegal if used by a school district. However, a strict discipline academy may limit admission to pupils who are within a particular range of age or grade level or on any other basis that would be legal if used by a school district.

(3) A strict discipline academy shall be established under sections 1311b to 1311m specifically for enrolling 1 or more of the following types of pupils:

(a) Pupils placed in the strict discipline academy by a court or by the department of human services or a county juvenile agency under the direction of a court.

(b) Pupils who have been expelled under section 1311(2).

(c) Pupils who have been expelled under section 1311a or another provision of this act.

However, a suspended pupil shall be allowed to attend the strict discipline academy only for the duration of the suspension.

(4) In addition to the types of pupils specified in subsection (3), a strict discipline academy shall be open for enrollment of a special education pupil who does not meet the requirements of subsection (3) if the special education pupil's individualized education program team recommends that the special education pupil be placed in the strict discipline academy. As used in this subsection, "individualized education program team"

means that term as defined in section 614 of part B of title VI of the individuals with disabilities education act, 20 USC 1414.

(5) In addition to the types of pupils specified in subsections (3) and (4), a strict discipline academy may enroll a pupil who is placed in a high-security or medium-security juvenile facility, mental health facility, or child caring institution that is operated by a private agency.

(6) A strict discipline academy shall enroll only 1 or more of the types of pupils described in subsections (3) to (5). A strict discipline academy is not required to keep any group of pupils described in subsections (3) to (5) physically separated from another group of those pupils, as might otherwise be required under section 1311, section 1311a, or another provision of this act.

(7) Strict discipline academies are not intended to enroll or otherwise be used to educate individuals who are committed to a high-security or medium-security juvenile facility operated by the department of human services or another state department or agency. Further, if the department of corrections or another state department or agency other than the department of human services has custody of or jurisdiction over a child, that state department or agency has the financial responsibility for educating the child.

(8) Except for a foreign exchange student who is not a United States citizen, a strict discipline academy shall not enroll a pupil who is not a resident of this state. Enrollment in the strict discipline academy may be open to all individuals who reside in this state who meet the admission policy under subsections (3) to (5) and shall be open to all pupils who reside within the geographic boundaries, if any, of the authorizing body as described in section 1311d who meet the admission policy under subsections (3) to (5), except that admission to a strict discipline academy authorized by the board of a community college to operate, or operated by the board of a community college, on the grounds of a federal military installation, as described in section 1311d, shall be open to all pupils who reside in the county in which the federal military installation is located who meet the admission policy under subsections (3) to (5). For a strict discipline academy authorized by a state public university, enrollment shall be open to all pupils who reside in this state who meet the admission policy under subsections (3) to (5). If there are more applications to enroll in the strict discipline academy than there are spaces available, pupils shall be selected to attend using a random selection process. However, a strict discipline academy may give enrollment priority to a sibling of a pupil enrolled in the strict discipline academy. Except for a suspended pupil who is attending the strict discipline academy for the duration of the suspension, a strict discipline academy shall allow any pupil who was enrolled in the strict discipline academy in the immediately preceding school year to enroll in the strict discipline academy in the appropriate grade unless the appropriate grade is not offered at that strict discipline academy.

(9) A strict discipline academy may include any grade up to grade 12 or any configuration of those grades, including kindergarten and early childhood education, as specified in its contract. The authorizing body may approve amendment of a contract with respect to ages of pupils or grades offered.

An authorizing body has the responsibility to oversee a strict discipline academy's compliance with the contract and all applicable law. A contract issued under sections 1311b to 1311l may be revoked by the authorizing body that issued the contract if the authorizing body determines that 1 or more of the following has occurred:

Sec. 1312. (1) As used in this section, “corporal punishment” means the deliberate infliction of physical pain by hitting, paddling, spanking, slapping, or any other physical force used as a means of discipline.

(2) Corporal punishment does not include physical pain caused by reasonable physical activities associated with athletic training.

(3) A person employed by or engaged as a volunteer or contractor by a local or intermediate school board or public school academy shall not inflict or cause to be inflicted corporal punishment upon any pupil under any circumstances.

This subsection does not alter or limit a person's immunity from liability provided under 1964 PA 170, MCL 691.1401 to 691.1415.

(6) A person who willfully or through gross negligence violates subsection (3) or who willfully or through gross negligence violates subsection (4) may be appropriately disciplined by his or her school board or public school academy. This subsection does not limit a school board's or public school academy's authority to discipline an employee for a violation of its own policies.

(7) In determining whether an employee, volunteer, or contractor has acted in accordance with subsection (4), deference shall be given to reasonable good-faith judgments made by that person.

If the law enforcement agency is able to determine the legal owner of the dangerous weapon, and if the legal owner did not knowingly provide the dangerous weapon to the pupil or lawfully provided the dangerous weapon to the pupil but did not know or have reason to know that the pupil would possess the dangerous weapon while in attendance at school or a school activity or while en route to or from school on a school bus, the law enforcement agency shall send by certified mail to the legal owner a notice that the agency is in possession of the dangerous weapon and that the legal owner has 90 days from receipt of the notice to claim the dangerous weapon.
